INTRODUCTION

This document is organized into three sections: (1) Data Elements and Values, (2) Data Submission Specifications and Data Format, and (3) the Appendices.

The Data Elements and Data Values in the first section represent the data elements and data values required by the FBI's National Incident-Based Reporting System's (NIBRS) reporting requirements and by the Montana Incident Based Reporting (MTIBR). Agencies are encouraged to include additional data elements and values in their own Incident Based Reporting (IBR) systems to satisfy their unique record keeping and offense tracking needs. The data that needs to be reported to the Montana Board of Crime Control (MBCC) is specified and explained in Data Submissions and Data Format section (see p. I-1).

The second section, the data submissions and data format section, contains information for the local agency's information specialist or the Records Management System's programmer. It specifies each data element, where it appears in the record (record position), the length of the data string (data length), and data format (e.g. how dates must appear in the record- e.g., YYYYMMDD). It also spells out how to submit the data to the MBCC. For a complete listing of the edits and error checking for data elements and values, see Volume 4 of the FBI's NIBRS Data Submission Specifications, unless it is different in this document's Data Submission Specifications section and/or the Data Elements and Values section. Volume 4 can also be used as a reference for interpreting error messages and error numbers that may be generated when a file is checked for errors (see p. 79-133).

The Appendices consist of the following information:

- 1 Appendix A contains Group A & B offenses by the MTIBR number. It includes the MCA code, the corresponding FBI code and a description of the offense.
- 2 Appendix B contains the same information as Appendix A, but is organized by alphabetical categories: Aggravated Assault, All other Offenses, Arson, Assault-Simple, Bad Checks, Bribery, Burglary, and so on.
- 3 Appendix C contains the Groups A and B Offenses with the "Crimes Against Categories". (crime against person, property, or society)
- 4 Appendix D contains Group A & B offenses by the MCA code. It includes the MTIBR number, the corresponding FBI code, and a description of each offense. (MTIBR code numbers from 0111- 2910)
- 5 Appendix E contains the MTIBR offense codes that are not used for reporting to the MBCC, but are for local agency use only.
- 6 Appendix F lists the MCA codes in numerical order, with descriptions and MTIBR number.

A. Data Elements

Data *elements* are the general field labels used in the NIBRS and MTIBR systems; the data *values* actually depict the specific characteristics victims, offenders, arrestees, and circumstances of criminal incidents and arrests. Examples of data elements are "Incident Number", "MTIBR Offense Code", "Type of Victim", and "Sex of Offender". The corresponding values would be, for example: "11018978", "0111", "I", and "M".

Some data elements are "Mandatory"; e.g., they are required to be reported. Others may be reported at the option of the agency submitting the report to the MBCC. However, many data elements have to be entered *only if other conditions apply*. For example, "Race of Victim" is entered only if the victim is of type "I" (Individual) or "L" (Law Enforcement Officer). These will be identified as "Mandatory/Conditional" and should be reviewed carefully. A description of each data element appears below, in section C, and will be identified as Mandatory, optional, or Mandatory/Conditional.

B. Data Values

Data values are the specific characters that are entered into the data elements to describe the unique incident characteristics. Each character is followed by an equal sign (=) and its definition is underlined. For example: M = Male, F = Female, and U = Unknown, which are the data values allowed in the "Sex" data elements; W = White, B = Black, I = American Indian/Alaskan Native, A = Asian/Pacific Islander, and U = Unknown allowed in the "Race" data elements. The detailed list of data values for each data element appears in section C.

Be aware that there are many data values that can apply to any given data element. As seen above, "sex" has two data values and "Race" has five. If more than one of the data values associated with a data element could apply to a situation, use the most specific one; if an *exact* match is not possible, the user should choose the value that is the "closest fit". For example: a 7-Eleven store could be described in Data Element 9 (Location Type) as 05 = Commercial/Office Building, 07 = Convenience Store, or 12 = Grocery/Supermarket. As 07 = Convenience Store is the most specific and accurate description, it should be used. But in the case of a stand-alone and movable building that houses an espresso stand that also serves food, it could be described as 05 = Commercial/Office Building, or 21 = Restaurant, or 24 = Specialty Store, or 25 = Other/Unknown. Under some circumstances, 24 = Specialty Store would be the appropriate value, but in others 25 = Other/Unknown would be the "closest fit".

Furthermore, some data elements allow for the entry of more than one data value. For example, Data Element 12 (Type Criminal Activity) allows up to three (3) types of activity to be entered for each offense. If in a drug case, the offenders had grown marijuana and distributed it by having children sell it at school, the data values of C = Cultivating/Manufacturing/ Publishing, D = Distributing/Selling, and E = Exploiting Children should be entered.

C. Descriptions of the Data Elements and Data Values

The following information is organized by NIBRS/MTIBR reporting segments: Administrative, Offense, Property, Victim, Offender, and Arrestee. Data elements and data values specific to each segment are described and explained. The chart that follows illustrates the way that MTIBR organizes an incident report.

ARESTEE

40 Arrestee Sequence # →		52 Disposition of Arrestee < than 18 years old 51 Arrestee Resident Status 50 Arrestee Ethnicity 49 Arrestee Race 48 Arrestee Sex 47 Arrestee Age 46 Arrestee was Armed with 45 Arrest Offense Code 44 Multi Arrest Segments Indicator 43 Type of Arrest 42 Arrest Date 41 Arrest Transaction Number

1 → 2 →
ORI # Incident #

MTIBR Data Element Descriptions

Administrative Segment

The Administrative segment contains data that applies to the entire incident report. The ORI number and the Incident number (Data elements 1 and 2) appear in each segment of every report and are what makes it possible to differentiate one report from another report- either from other agencies' reports (ORI) or from other reports the agency has made (Incident number). Every incident report requires an Administrative segment. Any incident later classified as "Unfounded" needs to be submitted to the state with a "D" in the Segment Action type. The download software should do this so the state database will know to delete the incident.

1 ORI Number - 9 characters (Mandatory)

The ORI is the NCIC Originating Agency Identifier Number that has been assigned to each reporting law enforcement agency. It must appear in each Incident report segment. Example: The ORI Number for the Helena Police Department is MT0250100

2 Incident Number - 12 characters (Mandatory)

This is the number assigned by the reporting agency to each Incident Report to identify it uniquely, e.g., the Originating Agency Case Number. The number can be up to 12 characters in length and must be unique, so that incidents can be distinguished. The Incident Number also must appear in each segment of the Incident Report.

3 Incident Date/Hour - 11 characters (Mandatory)

Data Element 3 has to appear in the Administrative segment of every Incident Report. It is used to enter the Month, Day, Year, if this is the Report date (see below), and Hour when the incident occurred or started, or the beginning of the time period in which it occurred (as appropriate): MM/DD/YYYY/R/HH. Two-digit 24-hour military time is to be used.

If the "Incident Date" is unknown, enter the date of the report (date the incident was reported to law enforcement) with the indicator R = Report, otherwise leave this position in the record as a blank space (shown as a "b" for blank space). If the "Incident Hour" is unknown, leave the hour blank: MM/DD/YYYY/R/bb.

If the incident occurred on or between midnight and 0059, enter 00; if on or between 0100 and 0159, enter 01; if on or between 2300 and 2359, enter 23; etc. If the incident occurred at exactly midnight, it is to be considered to have occurred at the beginning of the next day, as if the crime occurred at 1 minute past midnight. Therefore, 00 should be entered for the hour, along with the next

day's date.

Example (1): If a robbery occurred at 9:30 p.m. on July 2, 1998, the entry should be 07/02/1998/b/21 (dividers "/" are used in examples for ease of reading only and where "b" equals a blank).

Example (2): If a kidnapping started at 11:30 p.m. on November 1, 1998, and ended at 6:00 p.m., on November 16, 1998, the entry should be 11/01/1998/b/23.

Example (3): If a burglary occurred sometime between 11:15 a.m. on June 24, 1998, and 4:30 p.m. on June 26, 1998, the entry should be 06/24/1998/b/11.

Example (4): If the incident occurred at midnight on December 31, 2003, the entry should be 01/01/2004/00. (this is from the FBI NIBRS manual)

Example (5): If the date and hour of the incident are unknown but the incident was reported on March 15, 1998, the entry should be 03/15/1998/R/bb.

4 Cleared Exceptionally - 1 character (Mandatory)

For data element 4, enter only one:

- A = Death of Offender
- B = Prosecution Declined (by the prosecutor for other than lack of probable cause)
- C = Extradition Denied
- D = Victim Refused to Cooperate (in the prosecution)
- E = Juvenile/No Custody (the handling of a juvenile without taking him/her into custody, but rather by oral or written notice given to the parents or legal guardian in a case involving a minor offense, such as petty larceny)
- N = Not Applicable (not cleared exceptionally)

Data Element 4 must appear in the Administrative segment of every Incident Report. It is used to indicate whether or not the incident was exceptionally cleared. If it was not, then N = Not Applicable is entered. **An incident cannot be cleared exceptionally if an Arrestee Segment was or is being submitted** (e.g., it was previously or is currently, cleared by an arrest). In a multiple offense incident, the exceptional clearance of one offense clears the entire incident.

According to the FBI, clearing an offense by exceptional means requires the following four conditions be met:

- (1) The investigation must have clearly and definitely established the

- identity of at least one offender;
- (2) Sufficient probable cause must have been developed to support the arrest, charging, and prosecution of the offender;
 - (3) The exact location of the offender must be known so that an arrest could be made; and
 - (4) There must be a reason outside the control of law enforcement which prevents the arrest: death of the offender, declined prosecution, denied extradition, victim refusal to cooperate, Juvenile/no custody.

5 Exceptional Clearance Date - 8 characters **(Mandatory, Conditional)**

If an incident was exceptionally cleared– data value A, B, C, D, or E in #4 –then the Month, Day, and Year (MMDDYYYY) when the incident was cleared will be entered into Data Element 5. If the incident was NOT cleared exceptionally– data value N in #4 –then this data element is to be left blank.

Example: The incident was cleared on the books of the reporting agency on May 27, 1998. The date 05/27/1998 should be entered into Data Element 5.

6 Activity Date - 8 characters **(Mandatory)**

Data Element 6 has to appear in the Administrative segment of every Incident Report. It is used to enter the Year, Month and Day (YYYYMMDD) for each new incident, or date of last change/update activity for any segment in an incident.

Offense Segment

Offense Segments identify and describe the types of offenses involved in the incident (e.g., Arson, Aggravated Assault, Embezzlement). Only one Offense Segment is to be submitted for each reported MTIBR Offense Code even though there may have been more than one victim of the crime. At least one Offense Segment must be submitted for each Incident Report.

The Offense Segment contains Data Elements 6 through 13 and supplies information relating to selected characteristics of an offense. It contains the following: ORI Number, Incident Number, MTIBR Offense Code, whether the offense was attempted or completed, and other information concerning the offense including whether it was related to a hate crime (bias motivation), domestic abuse, gang activity, or gambling. At least one Offense segment has to be present for each Incident report, although up to ten offenses can be entered for each Incident. A separate Offense Segment is entered for each MTIBR code. For each offense code entered, there can be up to 999 victims, 99 offenders and 99 arrestees linked to that one particular MTIBR code, and ten different types of property loss may be entered.

6 Montana Incident Based Reporting (MTIBR) Offense Code - 4 characters (Mandatory)

Data Element 6 is to be used to enter the 4 digit MTIBR Code(s) of the up to ten (10) most serious (as determined by the reporting agency) offenses involved in the incident.

[Note: A cross-reference table which lists Montana Statutes (MCA's), descriptions, and corresponding MTIBR and FBI IBR codes is provided in Appendix A.]

A separate "Offense Segment" is to be submitted for each reported MTIBR Offense Code involved in the incident. Only one Offense Segment is to be submitted for each reported offense even though there may have been more than one victim of the crime. At least one Offense Segment must be included in an Incident Report.

Example (1): If an incident involved robbery and rape: one incident report with two Offense Segments should be submitted -- one with Robbery (MTIBR 0311) and the other with Forcible Rape - Sexual intercourse without consent (MTIBR 0211).

Example (2): Even if two females were raped in Example (1), only one Offense Segment should be submitted with the MTIBR offense code for Forcible Rape - Sexual intercourse without consent entered into Data Element 6 (MTIBR Offense Code).

[Note: Two Victim Segments should also be submitted which are linked to the Offense Segment by entering the MTIBR offense code for Forcible Rape - Sexual intercourse without consent into Data Element 24 (Victim Connected to MTIBR Offense Codes).]

7 Offense Attempted/Completed - 1 character (**Mandatory**):

Data Element 7 is to be used to indicate whether each offense in the incident was completed or merely attempted. If there was more than one occurrence of the same Offense within an incident and one was completed, then "Completed" must be entered.

It should be noted that "Attempted Murder" is to be reported as Aggravated Assault, and all Assault Offenses are to be coded as "Completed".

Allowed Entries: (enter only one)

A = Attempted

C = Completed

Example: During the same incident, Offender-01 raped Victim-001 and Offender-02 attempted to rape Victim-002 but had to leave the scene before the act was consummated because of arriving police. Since one rape was completed, C = Completed should be entered into the Offense Segment submitted for Forcible Rape.

8 Offender(s) Suspected of Using - 1 character (**Mandatory**):

Data Element 8 is to be used to indicate whether any of the offenders in the incident were suspected of consuming alcohol or using drugs/narcotics during or shortly before the incident; or of using a computer, computer terminal, or other computer equipment to perpetrate the crime. Up to three (3) entries can be made.

While there is no requirement to indicate that none of the offender(s) was suspected of using alcohol, computer equipment, or drugs/narcotics, if the reporting officer did not indicate one of them, N = Not Applicable is to be entered.

Allowed entries: (enter up to 3)

A = Alcohol

C = Computer Equipment

D = Drugs/Narcotics

N = Not Applicable

Example (1): Witnesses to an assault reported that the victim and offender were in a bar drinking beer when an argument broke out and the offender attacked the victim with a knife. A = Alcohol should be entered.

Example (2): A rape victim advised that her attacker bragged that he had been "freebasing" cocaine just prior to the incident. D = Drugs/Narcotics should be entered.

Example (3): A medical supply warehouse was burglarized and large quantities of Methadone, Morphine, Benzedrine, and Valium were stolen. D = Drugs/Narcotics should not be entered because, while the drugs were the object of the crime, there was no indication that the offenders used drugs or narcotics before or during the incident.

Example (4): A computer "hacker" used his personal computer and a telephone modem to gain access to a company's computer and steal proprietary data. C = Computer Equipment should be entered.

Example (5): A private residence was burglarized and a personal computer was stolen, along with other items. C = Computer Equipment should not be entered because, while the computer was one of the fruits of the crime, it was not used to commit the crime.

8A Bias Motivation - 2 characters (Mandatory)

Data Element 8A is to be used to indicate whether the offense was motivated by bias.

Because of the difficulty of ascertaining the offender's subjective motivation, bias is to be reported only if investigation reveals sufficient objective facts to lead a reasonable and prudent person to conclude that the offender's actions were motivated, in whole or in part, by bias against race, religion, disability, ethnicity, or sexual orientation.

Allowable Entries:

Racial Bias:

- 11 = Anti-White
- 12 = Anti-Black
- 13 = Anti-American Indian/Alaskan Native
- 14 = Anti-Asian/Pacific Islander
- 15 = Anti-Multi-Racial Group

Religious Bias:

- 21 = Anti-Jewish
- 22 = Anti-Catholic

- 23 = Anti-Protestant
- 24 = Anti-Islamic (Muslim)
- 25 = Anti-Other Religion (Buddhism, Hinduism, etc.)
- 26 = Anti-Multi-Religious Group
- 27 = Anti-Atheist/Agnostic

Ethnicity/National Origin Bias:

- 32 = Anti-Hispanic
- 33 = Anti-Other Ethnicity/National Origin

Sexual Orientation Bias:

- 41 = Anti-Male Homosexual (Gay)
- 42 = Anti-Female Homosexual (Lesbian)
- 43 = Anti-Homosexual (Gays and Lesbians)
- 44 = Anti-Heterosexual
- 45 = Anti-Bisexual

Disability Bias:

- 51 = Anti-Physical Disability
- 52 = Anti-Mental Disability

Other:

- 88 = None (no bias)
- 99 = Unknown (offender's motivation not known)

Incidents which do not involve any facts indicating biased motivation on the part of the offender are to be reported as 88 = None, while incidents involving ambiguous facts (e.g., where some facts are present but are not conclusive) are to be reported as 99 = Unknown.

Example (1): While driving through a predominantly Mexican-American neighborhood, a black male stopped his car to repair a flat tire. A group of Mexican-Americans leaving a bar across the street accosted the driver and then attacked him with bottles and clubs. During the attack, the offenders called the victim by a well-known and recognized epithet used against blacks and told him that blacks were not welcome in the neighborhood.

The offense would be reported as 12 = Anti-Black because the victim and offenders are of different races, the offenders used a racial epithet, and the facts reveal no other reason for the attack than the stated one, e.g., to keep blacks out of the neighborhood.

Example (2): A white juvenile male snatched a Jewish woman's purse, and in doing so, knocked her down and called her by a well-known and recognized epithet used against Jews. The offender's identity is not known.

Although the offender used an epithet for Jews, it is not known whether he belongs to another religious group or whether his motive was anything more than robbery. Because the facts are ambiguous, the offense would be reported as 99 = Unknown. Should an offender be arrested, subsequent investigation would determine whether or not the offense was bias motivated, and the offense then would be reported as either 88 = None or as a bias crime entry.

Example (3): Overnight, unknown persons broke into a synagogue and destroyed several religious objects. The perpetrators left a large swastika drawn on the door using red paint and wrote "Death to Jews" on a wall. Although valuable items were present, none were stolen. The offense would be reported as 21 = Anti-Jewish because the offenders destroyed religious objects, left anti-Semitic words and graffiti behind, and theft did not appear to be the motive for the burglary.

Example (4): A 51-year-old white male wielding a tire iron attacked a 29-year-old homosexual male. The victim suffered severe lacerations and a broken arm. The incident took place in a parking lot next to a bar. Investigation revealed that the offender and victim had previously exchanged insults in the bar, the offender having initiated the exchange by calling the victim by a well-known and recognized epithet used against homosexuals and complaining that the victim had made a pass at him. The offense would be reported as 41 = Anti-Male Homosexual (Gay), based on the exchange of insults regarding sexual orientation and the absence of other reasons for the attack.

8B. Domestic Abuse Related - 1 character (Mandatory)

Data Element 8B is to be used to indicate whether the offense involved was related to a domestic abuse incident. **Valid codes are "Y" if domestic abuse related or "N" if not applicable.**

8C. Gang Related - 1 character (Mandatory)

Data Element 8C is to be used to indicate whether the offense was motivated by gang involvement. **Valid codes are "Y" if gang related or "N" if not applicable.**

8D. Gambling Related - 1 character (Mandatory)

Data Element 8D is to be used to indicate whether the offense was motivated by involvement in gambling. **Valid codes are "Y" if gambling related or "N" if not applicable.**

9 Location Type - 2 characters (Mandatory)

Data Element 9 is to be used to report the type of location/premises where each offense took place. **Only one (1) location can be entered for**

each offense. [Note: Two additional location codes specific to Montana have been added (35 and 36).]

Allowed entries: (enter only one)

- 01 = Air/Bus/Train Terminal
- 02 = Bank/Savings and Loan (includes other financial institutions)
- 03 = Bar/Night Club
- 04 = Church/Synagogue/Temple (includes other religious buildings)
- 05 = Commercial/Office Building
- 06 = Construction Site
- 07 = Convenience Store
- 08 = Department/Discount Store
- 09 = Drug Store/Doctor's Office/Hospital (includes medical supply building)
- 10 = Field/Woods
- 11 = Government/Public Building
- 12 = Grocery/Supermarket
- 13 = Highway/Road/Alley (includes street)
- 14 = Hotel/Motel/Etc. (includes other temporary lodgings)
- 15 = Jail/Prison (includes penitentiary)
- 16 = Lake/Waterway
- 17 = Liquor Store
- 18 = Parking Lot/Garage
- 19 = Rental Storage Facility (includes "Mini-Storage" and "Self-Storage" buildings)
- 20 = Residence/Home (includes apartment, condominium, and nursing home)
- 21 = Restaurant (includes cafeteria)
- 22 = School/College (includes university)
- 23 = Service/Gas Station
- 24 = Specialty Store (includes fur store, jewelry store, TV store, dress shop, etc.)
- 25 = Other/Unknown
- 35 = Campground/Park (MT specific)
- 36 = Shopping Mall (common area) (MT specific)

Example: An assault started in a bar (03), continued into an adjoining parking lot (18), and ended in the street (13). As the bar was the location where the offense was initiated and best describes the circumstances of the crime, 03 = Bar/Night Club should be entered.

10 Number of Premises Entered - 2 characters (**Mandatory, Conditional**)

Data Element 10 is to be used only if the offense is Burglary – Non-Residence, and includes the Hotel/Storage Facility Rule. In such cases, the number of premises entered is to be reported.

The Hotel Rule, which applies to burglaries of hotels/motels or rental storage facilities, is applied **only** to temporary lodgings. It states: "If a number of dwelling units under a single manager are burglarized and the offenses are most likely to be reported to the police by the manager rather than the individual tenants, the burglary should be scored as one offense".

The Hotel Rule has been expanded to include rental storage facilities, e.g., "Mini-Storage" and "Self-Storage" buildings. **Therefore, Data Element 10 is to be used if the offense is Burglary – Non-Residence, and either 14 = Hotel/Motel/ Etc. or 19 = Rental Storage Facility is entered into Data Element 9 (Location Type).** The total number (up to 99) of individual rooms, units, suites, storage compartments, etc. entered is to be reported in Data Element 10.

Example (1): A "Self-Storage" building was burglarized and 11 rented storage compartments were forcibly entered. The owner/manager of the building reported the incident to the police. The MTIBR offense code for Burglary – Non-Residence should be entered into Data Element 6 (MTIBR Offense Code), the code 19 = Rental Storage Facility should be entered into Data Element 9 (Location Type), and the number 11 (for 11 compartments) should be entered into Data Element 10.

Example (2): A private residence was burglarized. The MTIBR offense code Burglary - Residence should be entered into Data Element 6 (MTIBR Offense Code) and 20 = Residence/Home should be entered into Data Element 9 (Location Type). However, because the "Location Type" was not 14 = Hotel/Motel/Etc. or 19 = Rental Storage Facility, no entry should be made into Data Element 10. It should be blank.

11 Method of Entry - 1 character (**Mandatory, Conditional**)

Data Element 11 is to be used only if the offense is a Burglary – Residence or Non-Residence. It is for reporting whether "Force" or "No Force" was used by the burglar(s) to enter the structure. A forced entry is where force of any degree or a mechanical contrivance of any kind (including a passkey or skeleton key) was used to unlawfully enter a building or other structure. An unforced entry is one where the unlawful entry was achieved without force through an unlocked door or window. If both forced and unforced entries were involved in the crime, the entry should be reported as having been accomplished through "Force".

Allowed entries:

F = Force

N = No Force

Example: Investigation of a burglary complaint disclosed that the offender(s) entered the building through an unlocked street door and then forced a locked door to an office and stole a typewriter. Since one door was forced, F = Force should be entered.

12 Type Criminal Activity - 1 character (Mandatory, Conditional)

Data Element 12 is to be used to provide additional information on the criminal activity of the offender(s) for particular crimes. Up to three (3) types of activity can be entered for each of the offenses listed below.

A. For the following offense categories, the allowed entries are (B, C, D, E, O, P, T, and U)

Counterfeiting/Forgery
Stolen Property Offenses
Drugs/Narcotics Violations
Drug Equipment Violations
Gambling Equipment Violations
Pornography/Obscene Material
Weapon Law Violations

Allowed entries: (enter up to 3)

B = Buying/Receiving

C = Cultivating/Manufacturing/Publishing

D = Distributing/Selling

E = Exploiting Children

O = Operating/Promoting/Assisting

P = Possessing/Concealing

T = Transporting/Transmitting/Importing

U = Using/Consuming

Example: The offenders published and sold pornographic photographs of children. Because up to three types of activity can be entered, C = Cultivating/Manufacturing/Publishing, D = Distributing/Selling, and E = Exploiting Children should be entered.

B. Data Element 12 is also to be used to provide additional information on the about gang involvement (data values "J", "G", or "N" that relate to Gang Activity) in violent crime by the offenders in the following offense categories:

Murder and Manslaughter (negligent and non-negligent)	
Kidnapping/Abduction	Forcible Rape
Robbery	Forcible Sodomy
Aggravated Assault	Simple Assault
Intimidation	Forcible Fondling
Sexual Assault w/Object	

To use "J" or "G" a gang must meet the following criteria:

"An ongoing organization, association or group of three or more persons, and must have a common interest and/or activity characterized by the commission of or involvement in a pattern of criminal or delinquent conduct".

Allowed entries: (enter up to 3): If "N" is entered, then "J" or "G" cannot be entered

J = Juvenile Gang

G = Other Gang

N = None or unknown gang involvement

13 Type Weapon/Force Involved - 3 characters (Mandatory, Conditional)

Data Element 13 is to be used to enter the type(s) of weapon(s) or force used by the offender(s) in committing the following offense categories:

Murder and Non-negligent Manslaughter	Forcible Fondling
Negligent Homicide	Robbery
Justifiable Homicide	Aggravated Assault
Kidnapping/Abduction	Weapon Law Violations
Forcible Rape	Simple Assault
Sexual Assault with an Object	Extortion/Blackmail
Forcible Sodomy	

Up to three (3) types of weapons/force can be entered for each of the offenses listed above.

If the weapon was an automatic firearm, an "A" is to be added as a suffix to its code, e.g., 13A = Automatic Rifle.

[Note: An "Automatic Firearm" is defined as any firearm which shoots, or is designed to shoot, more than one shot at a time by a single pull of the trigger without manual reloading.]

Allowed entries: (enter up to 3)

- 11 = **Firearm** (type not stated)
- 11A = **Automatic Firearm** (type not stated)
- 12 = **Handgun**
- 12A = **Automatic Handgun**
- 13 = **Rifle**
- 13A = **Automatic Rifle**
- 14 = **Shotgun**
- 14A = **Automatic Shotgun**
- 15 = **Other Firearm**
- 15A = **Automatic Other Firearm**
- 20 = **Knife/Cutting Instrument** (e.g., ax, ice pick, screwdriver, switchblade, etc.)
- 30 = **Blunt Object** (e.g., club, hammer, etc.)
- 35 = **Motor Vehicle** (when used as a weapon)
- 40 = **Personal Weapons** (e.g., hands, feet, teeth, etc.)
- 50 = **Poison**
- 60 = **Explosives**
- 65 = **Fire/Incendiary Device**
- 70 = **Drugs/Narcotics/Sleeping Pills**
- 85 = **Asphyxiation** (by drowning, strangulation, suffocation, gas, etc.)
- 90 = **Other** (any weapon or force, including deadly diseases, **not** fitting the above specifically coded weapons/force)
- 95 = **Unknown**
- 99 = **None**

Example: Three robbers held up a bank. One was armed with a revolver, the second had a sawed-off shotgun, and the third had a Thompson machine gun. The entries should be: 12 = **Handgun**; 14 = **Shotgun**; and 15A = **Automatic Other Firearm**.

Property Segment

Property Segments are used to describe the type, value and, for drugs and narcotics seized in drug cases- quantity, of property involved in the incident. A Property Segment is mandatory for the following offense categories: (all "Crimes Against Property" and certain "Crimes Against Society" offenses -drug & gambling offenses).

Robbery	Kidnapping/Abduction
Arson	Bribery
Burglary	Fraud Offenses
Larceny/Theft Offenses	Vandalism
Counterfeiting/Forgery	Embezzlement
Drug Offenses	Gambling
Motor Vehicle Theft	Stolen Property
Extortion/Blackmail	Issuing a Bad Check

14 Type Property Loss/Etc. - 1 character (**Mandatory, Conditional**)

Data Element 14 is to be used to describe the type(s) of property loss, recovery, seizure, etc., which occurred in an incident. Type Property Loss is mandatory for all offenses noted above. Property information is submitted separately for each type of property loss, so that **a separate "Property Segment" is to be submitted for each type of loss/etc.**, when the incident involves one or more of the above offenses.

The types of offenses in the incident (e.g., Arson, Bribery, Burglary/B&E, Counterfeiting/Forgery, Larceny/Theft, etc.) determine which type(s) of loss/etc. and Data Elements apply. See section titled "Mandatories", for designations of the types of property loss/etc. and Data Elements applicable to individual offenses.

Allowed entries: (enter one per Property Segment)

- 1 = None**
- 2 = Burned** (includes damage caused in fighting the fire)
- 3 = Counterfeited/Forged**
- 4 = Destroyed/Damaged/Vandalized**
- 5 = Recovered** (to impound property which was previously stolen)
- 6 = Seized** (to impound property which was **NOT** previously stolen)
- 7 = Stolen/Etc.** (includes bribed, defrauded, embezzled, extorted, ransomed, robbed, etc.)
- 8 = Unknown** (Not known if there was property loss)

Example (1): For Arson, the entries might be 1 = None (an attempt with no property burned), 2 = Burned (property burned), or 8 = Unknown (not known whether property burned).

Example (2): For Burglary, the entries might be 1 = None (an attempted burglary or the structure was entered but no property was taken), 7 = Stolen/Etc. (property was taken), 5 = Recovered (stolen property was recovered), or 8 = Unknown (it is not known whether property was taken).

Example (3): If the same incident involved both Arson and Burglary, the choices of property loss/etc. codes shown in both Examples (1) and (2) could be applicable, depending on the circumstances.

[Note: An agency should report property stolen in its jurisdiction. Likewise, property recovered should be reported by the agency that reported it as stolen.]

15 Property Description - 2 characters (Mandatory, Conditional)

Data Element 15 is used to enter descriptions of the property which was stolen burned, counterfeited, destroyed/damaged/vandalized, etc., as a result of the incident.

[Note: Two additional property descriptions, specific to Montana have been added (50 and 51).]

Up to ten (10) property descriptions can be entered for each Property Segment (e.g., each type of property loss/etc.) involved in the incident. If more than ten types of property are involved, the nine (9) most valuable specifically codable types of property are to be entered and the remaining types of property are to be combined and entered as 77 = Other.

Allowed entries: enter up to 10 per Property Segment

- 01 = Aircraft** (airplanes, dirigibles, gliders, etc.)
- 02 = Alcohol** (alcoholic beverages, e.g., beer, wine, liquor, etc.)
- 03 = Automobiles** (sedans, coupes, station wagons, convertibles, taxicabs, and other similar motor vehicles which serve the primary purpose of transporting people)
- 04 = Bicycles** (includes tandem bicycles, unicycles, and tricycles)
- 05 = Buses** (motor vehicles which are specifically designed, but not necessarily used, to transport groups of people on a commercial basis)
- 06 = Clothes/Furs** (wearing apparel for human use, including accessories such as belts, shoes, scarves, ties, etc.)
- 07 = Computer Hardware/Software** (computers, computer peripherals [e.g., tape and disk drives, printers, etc.], and storage media [e.g. magnetic tapes, magnetic and optical disks, etc.])
- 08 = Consumable Goods** (expendable items used by humans for nutrition, enjoyment, or hygiene, e.g., food, beverages, grooming products, cigarettes, gasoline, firewood, etc.)
- 09 = Credit/Debit Cards** (includes Automatic Teller Machine cards)

- 10 = **Drugs/Narcotics** (Illegal or controlled substances)
- 11 = **Drug/Narcotic Equipment**(for use with illegal or controlled substances)
- 12 = **Farm Equipment** (tractors, combines, etc.)
- 13 = **Firearms** (weapons that fire a shot by force of an explosion, e.g., handguns, rifles, shotguns, etc., but not "BB", pellet, or gas-powered guns)
- 14 = **Gambling Equipment** (gambling paraphernalia)
- 15 = **Heavy Construction/Industrial Equipment** (cranes, bulldozers, steamrollers, oil-drilling rigs, etc.)
- 16 = **Household Goods** (beds, chairs, desks, sofas, tables, refrigerators, stoves, washer/dryers, air conditioning and heating equipment, etc.)
- 17 = **Jewelry/Precious Metals** (bracelets, necklaces, rings, watches, etc., and gold, silver, platinum, etc.)
- 18 = **Livestock** (living farm-type animals, e.g., cattle, chickens, hogs, horses, sheep, etc., but not household pets, such as dogs and cats)
- 19 = **Merchandise** (items held for sale)
- 20 = **Money** (legal tender, e.g., coins and paper currency)
- 21 = **Negotiable Instruments** (any document, other than currency, which is payable without restriction, e.g., endorsed checks, endorsed money orders, and endorsed traveler's checks; "bearer" checks and bonds; etc.)
- 22 = **Nonnegotiable Instruments** (documents requiring further action to become negotiable, e.g., unendorsed checks, unendorsed money orders, etc.; food stamps; stocks and bonds; etc.)
- 23 = **Office-type Equipment** (typewriters, adding machines, calculators, cash registers, copying machines, etc.)
- 24 = **Other Motor Vehicles** (any other motor vehicles, e.g., motorcycles, motor scooters, trail bikes, mopeds, snowmobiles, golf carts, etc.)
- 25 = **Purses/Handbags/Wallets**
- 26 = **Radios/TVs/VCRs** (includes radios, televisions, videotape recorders, high fidelity and stereo equipment, compact disk players, cameras, etc. Do not include similar vehicle equipment.)
- 27 = **Recordings-Audio/Visual** (phonograph records, compact disks, tape recordings, cassettes, etc.)
- 28 = **Recreational Vehicles** (motor vehicles which are specifically designed, but not necessarily used, to transport people and also provide them temporary lodging for recreational purposes)
- 29 = **Structures-Single Occupancy Dwellings** (houses, townhouses, duplexes, mobile homes, or other private dwellings which are occupied by a single person, family, house mates, or other group)
- 30 = **Structures-Other Dwellings** (any other residential dwellings not meeting the definition of "Single Occupancy Dwellings", e.g., apartments, tenements, flats, boarding houses, dormitories, as well as temporary living quarters, such as hotels, motels, inns, etc.)
- 31 = **Structures-Other Commercial/Business** (stores, office buildings,

- restaurants, etc.)
- 32 = Structures-Industrial/Manufacturing** (factories, plants, assembly lines, etc.)
- 33 = Structures-Public/Community** (colleges, hospitals, jails, libraries, meeting halls, passenger terminals, religious buildings, schools, sports arenas, etc.)
- 34 = Structures-Storage** (barns, garages, storehouses, warehouses, etc.)
- 35 = Structures-Other** (any other structures not fitting the other "Structures" descriptions, e.g., outbuildings, monuments, buildings under construction, etc.)
- 36 = Tools** (hand tools and power tools)
- 37 = Trucks** (motor vehicles which are specifically designed, but not necessarily used, to transport cargo)
- 38 = Vehicle Parts/Accessories** (motor vehicle batteries, engines, transmissions, heaters, hubcaps, tires, manufacturers' emblems, license plates, side view mirrors, radios, antennas, tape decks, etc.)
- 39 = Watercraft** (motorboats, sailboats, houseboats, etc.)
- 50 = Recreational/Sporting goods (MT specific)**
- 51 = Musical Instruments (MT specific)**
- 77 = Other** (all other property not fitting the above specific descriptions, including intangibles. "Intangibles" are anything that cannot be perceived by the sense of touch. They can be benefits, e.g., a right or privilege, a promotion, enhanced reputation, etc.; or detriment, e.g., a loss of reputation, injured feelings)
- 88 = Pending Inventory** (property description unknown until an inventory is conducted)

Example (1): The following property was stolen as the result of a burglary: (1) a \$10,000 stamp collection; (2) jewelry worth \$5,000; (3) an \$1,800 personal computer; (4) clothes worth \$1,500; (5) silverware worth \$800; (6) a \$650 TV; (7) a \$450 VCR; (8) a \$400 microwave oven; (9) \$350 in cash; (10) a \$250 typewriter; (11) a \$150 shotgun; (12) a \$100 bicycle; (13) two credit cards (no value); and (14) ten blank personal checks (no value).

Item (1), the stamp collection, was the most expensive property; however, because it does not fit into any of the specifically coded property descriptions, it should be included 77 = Other. Items (2) through (12) then become the nine most valuable codable properties as follows: the jewelry and silverware should be entered as code 17; the personal computer as 07; the clothes as 06; the TV and VCR as 26; the microwave oven as 16; the cash as 20; the typewriter as 23; the shotgun as 13; and the bicycle as 04. Items (13) and (14), e.g., the two credit cards and ten blank bank checks, should be combined with Item (1), the stamp collection, and entered as 77.

Example (2): If a house was destroyed by arson and the homeowners are away on an overseas trip making it impossible to determine the property loss until they return, enter 88 = Pending Inventory.

16 Value of Property - 9 characters (Mandatory, Conditional)

Data Element 16 is used to enter the total dollar value(s) of the property which was stolen, seized, recovered, burned (including damage caused in fighting the fire), counterfeited, destroyed, damaged, vandalized, etc., as a result of the incident. An agency should report only the value of the property stolen in its jurisdiction. Likewise, the value of the property recovered should be reported by the agency that originally reported it as stolen.

The value of property should be reported in whole dollars. **The value entered for each property description should be the total value of the property loss/etc. for all of the victims in the incident. If the value is unknown, enter one dollar (\$1).**

Property types 9(Credit/Debit Cards) and 22(Non-negotiable financial instruments) must have a value of \$0.00.

Up to ten (10) values can be entered to match the up to ten property descriptions that are associated with each Property Segment (e.g., each type of property loss/etc.) in the incident. If more than ten types of property are involved, the values of the nine (9) most valuable properties are to be entered; then, the total value of the remaining properties which were coded as 77 = Other are to be entered.

If drugs or narcotics were seized in a drug case, no value is to be entered into Data Element 16, but the *estimated* quantity of the drugs/narcotics is to be reported. Therefore, when the offense is Drug/Narcotic Violations, 6 = Seized was entered into Data Element 14 (Type Property Loss/Etc.), and 10 = Drugs/Narcotics was entered into Data Element 15 (Property Description), no value is to be entered into Data Element 16, and Data Elements 20 (Suspected Drug Type), 21 (Estimated Drug Quantity), and 22 (Type Drug Measurement) are to be used instead. **However, when drugs or narcotics are involved in other types of crime (e.g., they were stolen through burglary, robbery, theft, etc., or destroyed by arson) their value is to be entered into Data Element 16, and Data Elements 20, 21, and 22 are to be left blank.**

Example (1): Two victims had their bicycles stolen at the same time and place -- one was worth \$300 and the other \$150. 04 = Bicycles should be entered into Data Element 15 (Property Description) and their total value 450 (\$300 + \$150 = \$450) into Data Element 16 (Value of Property).

Example (2): In Example (1) given for Data Element 15, above, the values for each specifically coded property should be entered as follows: \$5,800 for code 17 (the jewelry and silverware); \$1,800 for code 07 (the personal

computer); \$1,500 for code 06 (the clothes); \$1,100 for code 26 (the TV and VCR); \$400 for code 16 (the microwave oven); \$350 for code 20 (the cash); \$250 for code 23 (the typewriter); \$150 for code 13 (the shotgun); \$100 for code 04 (the bicycle); and \$10,000 for code 77 (the stamp collection, the two credit cards, and the ten blank checks).

Example (3): In Example (2) given for Data Element 15, above, since a determination of the property loss must await an inventory, 1 (\$1.00) = Unknown should be entered into Data Element 16 (Value of Property).

17 Date Recovered - 8 characters (Mandatory, Conditional)

If previously stolen property is recovered, the Month, Day, and Year (MMDDYYYY) of its recovery should be entered into Data Element 17. Accordingly, Data Element 17 is to be used only if 5 = Recovered is entered into Data Element 14 (Type Property Loss/Etc.) and should be blank in other cases. If property is stolen and recovered, two property segments -- one with the loss type = 7 (stolen) and one with the loss type = 5 (recovered) -- are needed.

Up to ten (10) dates of recovery can be entered to match each of the up to ten property descriptions that are associated with each Property Segment (e.g., each type of property loss/etc.) in the incident. If there is more than one date of recovery for the same "Property Description", enter the earliest date.

Example: On March 28, 1998, three (3) cars were stolen from a used car lot. One of the cars was recovered on July 1, 1998. On July 24, 1998, a second car was recovered. The date entered into Data Element 17 should be 07/01/1998.

[Note: Again, recovered property should be reported by the jurisdiction in which it was stolen.]

18 Number of Stolen Motor Vehicles - 2 characters (Mandatory, Conditional)

Data Element 18 indicates how many motor vehicles were stolen in the incident. Therefore, **it is to be used only if the offense is Motor vehicle theft or Unauthorized use of motor vehicle, 7 = Stolen was entered into Data Element 14 (Type Property Loss/Etc.), and 03 = Automobiles, 05 = Buses, 24 = Other Motor Vehicles, 28 = Recreational Vehicles, or 37 = Trucks was entered into Data Element 15 (Property Description).** If the number is unknown, enter 00.

Example: In the example given for Data Element 17, above, the entry should be 03 because three cars were stolen.

19 Number of Recovered Motor Vehicles - 2 characters (Mandatory, Conditional)

Data Element 19 indicates how many motor vehicles were recovered in the incident. Therefore, **it is to be used only if the offense is Motor vehicle theft or Unauthorized use of motor vehicle, 5 = Recovered was entered into Data Element 14 (Type Property Loss/Etc.), and 03 = Automobiles, 05 = Buses, 24 = Other Motor Vehicles, 28 = Recreational Vehicles, or 37 = Trucks was entered into Data Element 15 (Property Description).** If the number is unknown, enter 00.

Example: In the example given for Data Element 17, above, the entry should be 02 because two of the cars were recovered.

20 Suspected Drug Type - 1 character (Mandatory, Conditional)

Data Element 20 is used to identify the types of drugs or narcotics that were **seized** in a drug case. Therefore, **it is used only if one of the offenses in the incident was any of the Drug/Narcotic Violations, 6 = Seized was entered into Data Element 14 (Type Property Loss/Etc.), and 10 = Drugs/Narcotics was entered into Data Element 15 (Property Description).** It is also to be entered if one of the offenses is any one of the Drug/Narcotic Violations and 1 = None is entered in Data Element 14 (Type Property Loss/Etc.).

Data Element 20 is **not** to be used when drugs or narcotics were burned, stolen, etc., in connection with other offenses, such as Arson, Burglary/B&E, Larceny/Theft, etc.

Up to three (3) types of drugs/narcotics can be entered. If more than three are involved, the two most important (as determined by the reporting agency taking into account the quantity, value, and deadliness of the drugs/narcotics) are to be reported under their applicable drug types and the remaining drugs/narcotics are to be entered as a single X = Over 3 Drug Types entry.

Allowed entries: (enter up to 3)

- A = "Crack" Cocaine**
- B = Cocaine (all forms except "Crack")**
- C = Hashish**
- D = Heroin**
- E = Marijuana**
- F = Morphine**
- G = Opium**
- H = Other Narcotics: Codeine; Demerol; Dihydromorphinone or Dilaudid; Hydrocodone or Percodan; Methadone; etc.**
- I = LSD**
- J = PCP**

- K = Other Hallucinogens:** MDMA or "White Acid"; DMT; MDA; MDMA; Mescaline or Peyote; Psilocybin; STP; etc.
- L = Amphetamines/Methamphetamines**
- M = Other Stimulants:** Adipex, Fastine, and Ionamin (Derivatives of Phentermine); Benzedrine; Didrex; Methylphenidate or Ritalin; Phenmetrazine or Preludin; Tenuate; etc.
- N = Barbiturates**
- O = Other Depressants:** Glutethimide or Doriden; Methaqualone or Quaalude; Pentazocine or Talwin; etc.
- P = Other Drugs:** Antidepressants (Elavil, Triavil, Tofranil, etc.); Aromatic Hydrocarbons; Propoxyphene or Darvon; Tranquilizers (Chlordiazepoxide or Librium, Diazepam or Valium, etc.); etc.
- U = Unknown Type Drug**
- X = Over 3 Drug Types**

Example: In a drug case, the following drugs were seized: (1) 1.5 kilograms of "Crack"; (2) 2.125 pounds of Marijuana; (3) 2.0 liquid ounces of Morphine; and (4) 500 Valium capsules. The "Crack" was entered as A and the Marijuana as E. The Morphine and Valium were coded as a single X entry because more than three types of drugs were seized.

21 Estimated Drug Quantity - 12 characters (Mandatory, Conditional)

Data Element 21 is used to indicate the quantity of drugs or narcotics seized in a drug case. Therefore, **it is used only if one of the offenses in the incident was Drug/Narcotic Violations, 6 = Seized was entered into Data Element 14 (Type Property Loss/Etc.), and 10 = Drugs/Narcotics was entered into Data Element 15 (Property Description). If the substance was sent to a laboratory for analysis, and a response has not yet been received, then 1 = None must be entered into Data Element 21 to indicate "None".** This is an interim report and should be later updated with the true quantity.

Data Element 21 is **not** to be used when drugs or narcotics were burned, stolen, etc., in connection with other offenses, such as Arson, Burglary/B&E, Larceny/Theft, etc.

Nine (9) characters are available to enter the number of whole pounds, ounces, grams, etc., and three (3) more characters are available to enter the decimal amount. A decimal point must be entered to separate the whole and decimal amounts.

Up to three (3) entries can be made to match the up to three "Suspected Drug Type" (data segment 20) entries. If more than three drugs or narcotics are involved, the quantities of the two **most important** (as determined by the reporting agency taking into account their quantity, value, and deadlines) are entered. Do **not** enter the quantity of the remaining drugs/narcotics which are coded as X = **Over 3 Drug Types**; leave Data Element 21 blank for them.

Example: In the example given for Data Element 20 the entries should be 1.5 for the "Crack" and 2.125 for the Marijuana. No "quantity" entries should be made for the Morphine or Valium.

22 Type Drug Measurement - 2 characters (**Mandatory, Conditional**)

Data Element 22 is used to indicate the *type* of measurement used in quantifying drugs or narcotics seized in a drug case. Therefore, **it is used only if one of the offenses in an incident was Drug/Narcotic Violations, 6 = Seized was entered into Data Element 14 (Type Property Loss/Etc.), and 10 = Drugs/Narcotics was entered into Data Element 15 (Property Description).**

Data Element 22 is **not** to be used when drugs or narcotics were stolen, burned, etc., in connection with other offenses, such as Arson, Burglary/B&E, or Larceny/Theft.

Up to three (3) entries can be made to match the up to three "Suspected Drug Type" entries. If more than three are involved, enter the types of measurement of the two most important drugs or narcotics (as determined by the reporting agency taking into account their quantity, value, and deadliness). Do not enter the type of measurement for the remaining drugs or narcotics which are coded as X = Over 3 Drug Types; leave Data Element 22 blank for them.

If the substance was sent to a laboratory for analysis and a response has not yet been received, enter XX = Not Reported and also enter 1 into Data Element 21 (Estimated Drug Quantity).

Data Element 22 must be updated and submitted with the results of the laboratory analysis when received.

Allowed entries: (enter up to 3)

WEIGHT

GM = Gram
KG = Kilogram
OZ = Ounce
LB = Pound

CAPACITY

ML = Milliliter
LT = Liter
FO = Fluid Ounce
GL = Gallon

UNITS

DU = Dosage Units/Items*
NP = Number of Plants**
XX = Not Reported

*Number of capsules, pills, tablets, etc.

**E.g., Marijuana plants (bushes), etc.

Example: In the example given for Data Element 20, the entries should be KG for the "Crack" and LB for the Marijuana. No entries should be made for the Morphine or Valium.

Victim Segment

Victim Segments are used to describe the victims involved in the incident.

23 Victim (Sequence) Number - 3 characters (Mandatory)

Each victim in an incident is to be assigned a sequence number from 001 to 999. **A separate "Victim Segment" is to be submitted for each numbered victim.**

Example: If there were three (3) victims in the incident, three Victim Segments should be submitted -- one with Victim Sequence Number 001, another with 002, and the last with 003.

24 Victim Connected to Montana (MTIBR) Offense Code - 4 characters (Mandatory)

Data Element 24 is to be used to link each victim to the up to ten (10) most serious offenses -as determined by the reporting agency- which were perpetrated against him/her during the incident.

Example: Two victims, Victim-001 and Victim-002, were robbed and Victim-001 was also raped. In the Victim Segment for Victim-001, both (Robbery) and (Forcible Rape – Sexual intercourse without consent) should be entered. In the Victim Segment for Victim-002, only Robbery should be entered.

25 Type of Victim - 1 character (Mandatory)

The type of victim is to be entered into Data Element 25. **Only one type is to be entered for each victim.**

Allowed entries: (enter only one)

- I = Individual**
- B = Business**
- F = Financial Institution**
- G = Government**
- L = Law Enforcement Officer**
- R = Religious Organization**
- S = Society/Public**
- O = Other**
- U = Unknown**

Example: During a bank robbery, the offender pointed a gun at a teller and demanded and received money. The robber also pistol-whipped a customer

who stood in his way as he made his getaway from the bank. There were three (3) victims, e.g., the bank (F = Financial Institution), the teller (I = Individual), and the pistol-whipped customer (I = Individual). Therefore, their codes should be entered into their respective Victim Segments.

If "L" (Law Enforcement Officer) is selected for Data Element 25 Type of Victim, the "Type of Assignment" (Data Element #25A) and "Type of Activity" (Data Element #25B) are mandatory. The victim type "L" should only be used for assault and homicide offenses against Law Enforcement officers. If a law enforcement officer is the victim of a different crime (e.g. fraud), a victim type of "I" (Individual) should be used.

25A Type of Activity – 2 characters (Mandatory, Conditional)

Data Element 25A is used to describe the type of activity a law enforcement officer was involved in when she/he was killed or assaulted.

Allowable entries:

- 01 = Responding to disturbance (family quarrel, man w/gun, etc.)
- 02 = Burglary in progress or in pursuit of burglary suspect
- 03 = Robbery in progress or in pursuit of robbery suspect
- 04 = Attempting other arrest
- 05 = Civil Disorder (riot, mass disturbance)
- 06 = Handling, transporting, custody of prisoners
- 07 = Investigating suspicious persons or circumstance
- 08 = Ambush, no warning
- 09 = Mentally deranged
- 10 = Traffic pursuits and stops
- 11 = All other

25B Assignment Type – 2 characters (Mandatory, Conditional)

Data Element 25B is to describe the assignment type that a law enforcement officer was involved in when she/he was killed or assaulted.

Allowable entries:

- F = Two officer vehicle
- G = One officer vehicle, alone
- H = One officer vehicle, assisted
- I = Detective or special agent, alone
- J = Detective or special agent, assisted
- K = Other, alone
- L = Other, assisted

25C ORI – Other Jurisdiction – 9 characters (**Mandatory, Conditional**)

If a law enforcement officer is killed or assaulted in the line of duty in a jurisdiction other than his/her own, the law enforcement agency having jurisdiction should report the law enforcement officer killed or assaulted using Data Element 25C to identify the ORI of that law enforcement officer's agency. No entry is required if the officer is assaulted in his own jurisdiction.

26 Age of Victim - 4 characters (**Mandatory, Conditional**)

If the victim was a person (I = Individual or L = Law Enforcement Officer was entered into "Type of Victim"), his/her age is to be entered into Data Element 26 either as an exact age, a range of days or years, or as unknown.

Allowed entries: (enter only one)

- NN = Under 24 hours (neonate)**
- NB = 1-6 Days Old**
- BB = 7-364 Days Old**
- 01 to 98 = Years Old (exact age in years)**
- 99 = Over 98 Years Old**
- 00 = Unknown**
- Any combination of "___" to "___" years**

Example: If the victim was a person 18 years old, enter 18. If the victim was between 18 and 25 years old, and the age was unknown then enter 1825.

27 Sex of Victim - 1 character (**Mandatory, Conditional**)

If the victim was a person (I = Individual or L = Law Enforcement Officer was entered into "Type of Victim"), his/her sex is to be indicated in Data Element 27.

Allowed entries: (enter only one)

- M = Male**
- F = Female**
- U = Unknown**

Example: If the victim was a male, enter M = Male.

28 Race of Victim - 1 character (**Mandatory, Conditional**)

If the victim was a person (I = Individual or L = Law Enforcement Officer was entered into "Type of Victim"), his/her race is to be indicated in Data Element 28.

Allowed entries: (enter only one)

W = White
B = Black
I = American Indian/Alaskan Native
A = Asian/Pacific Islander
U = Unknown

Example: If the victim was a white person, enter W = White.

29 Ethnicity of Victim - 1 Character (Mandatory, Conditional)

If the victim was a person (I = Individual or L = Law Enforcement Officer) was entered into "25 Type of Victim"), his/her ethnic origin is entered into Data Element 29.

Allowed entries: (enter only one)

H = Hispanic Origin
N = Not of Hispanic Origin
U = Unknown

Example: If the victim was not of Hispanic origin, enter N = Not of Hispanic Origin.

30 Resident Status of Victim - 1 character (Mandatory, Conditional)

If the victim was a person (I = Individual or L = Law Enforcement Officer was entered into "Type of Victim"), whether he/she was a resident or non- resident is to be entered into Data Element 30.

A "Resident" is a person who maintains his/her permanent home for legal purposes in the locality (e.g., town, city, or community) where the crime took place. Concerning university/college campuses, only persons living "on campus" (e.g., in dormitories, etc.) would be considered "residents" if victimized within the confines of the school property and the crime is reported by a campus law enforcement agency.

[Note: Reporting agencies should base their determinations of residency on the town, city, or community where the crime occurred rather than their broader geographical jurisdictions.]

Allowed entries: (enter only one)

R = Resident
N = Nonresident
U = Unknown

Example (1): If the victim was robbed in Bozeman, Montana, where he resides, enter R = Resident.

Example (2): If the victim was a business (e.g., B = Business was entered into 25 "Type of Victim"), Data Element 30 should be left blank.

31 Aggravated Assault/Homicide Circumstances - 4 characters
(Mandatory, Conditional)

Data Element 31 is used to describe the circumstances of either an aggravated assault or a homicide. Therefore, it is to be used **only** with Aggravated Assault and Homicide Offenses. Two 2-character entries can be made.

For: Aggravated Assault
Murder and Non-negligent Manslaughter
Negligent Homicide
Justifiable Homicide

- 01 = **Argument**
- 02 = **Assault on Law Enforcement Officer(s)**
- 03 = **Drug Dealing**
- 04 = **Gangland** (Organized Crime Involvement)
- 05 = **Juvenile Gang**
- 06 = **Lovers' Quarrel**
- 07 = **Mercy Killing** (Not applicable to Aggravated Assault)
- 08 = **Other Felony Involved**
- 09 = **Other Circumstances**
- 10 = **Unknown Circumstances**

For: Negligent Homicide

- 30 = **Child Playing With Weapon**
- 31 = **Gun-Cleaning Accident**
- 32 = **Hunting Accident**
- 33 = **Other Negligent Weapon Handling**
- 34 = **Other Negligent Killings**

For: Justifiable Homicide

- 20 = **Criminal Killed by Private Citizen**
- 21 = **Criminal Killed by Police Officer**

Example (1): Two rival juvenile street gangs rumble over "turf" rights to sell drugs and one of the gang members is killed. Possible entries are 01 = Argument, 03 = Drug Dealing, and 05 = Juvenile Gang. While all three would

apply, there is a limit of two entries. Therefore, the two most descriptive codes - as determined by the reporting agency- should be used. In this case, the reporting agency entered 03 and 05.

Example (2): In resisting arrest, a fugitive pulled a gun and fired two times in the direction of two police officers who were attempting to take him into custody. Neither officer was hit but both drew their weapons and returned the fire, killing the fugitive. As this was a Justifiable Homicide, 21 = Criminal Killed by Police Officer should be entered.

32 Additional Justifiable Homicide Circumstances - 1 character (Mandatory, Conditional)

Data Element 32 is used to further describe the circumstances of a justifiable homicide. Therefore, **it is used only for Justifiable Homicide (e.g., when either 20 = Criminal Killed by Private Citizen (use only "C through G"), or 21 = Criminal Killed by Police Officer ("A, B, C, D, E, F or G") was entered into Data Element 31)**. Only one code can be entered.

Allowed entries: (enter only one)

- A = Criminal Attacked Police Officer and That Officer Killed Criminal**
- B = Criminal Attacked Police Officer and Criminal Killed by Another Police Officer**
- C = Criminal Attacked a Civilian**
- D = Criminal Attempted Flight From a Crime**
- E = Criminal Killed in Commission of a Crime**
- F = Criminal Resisted Arrest**
- G = Unable to Determine/Not Enough Information**

Example: Assuming the same facts as in Example (2) for Data Element 31, the possible entries are: A = Criminal Attacked Police Officer and That Officer Killed Criminal; B = Criminal Attacked Police Officer and Criminal Killed by Another Police Officer; and F = Criminal Resisted Arrest. As only one code can be entered, the most descriptive code (as determined by the reporting agency) should be used. In this case, the reporting agency entered A.

33 Type Injury - 1 character (Mandatory, Conditional)

Data Element 33 is used to describe the type(s) of bodily injury suffered by a person or law enforcement officer (e.g., I = Individual, or L = Law Enforcement Officer was entered into "Type of Victim") who was the victim of one or more of the following offenses:

Kidnapping/Abduction
Forcible Rape
Sexual Assault with an Object
Forcible Sodomy
Extortion/Blackmail

Forcible Fondling
Robbery
Aggravated Assault
Simple Assault

Up to five (5) entries can be made for each victim.

Allowed entries:

N = None
B = Apparent Broken Bones
I = Possible Internal Injury
L = Severe Laceration
M = Apparent Minor Injury
O = Other Major Injury
T = Loss of Teeth
U = Unconsciousness

Example (1): The offender assaulted the victim with a tire iron, breaking the victim's arm and opening up a cut about three inches long and one inch deep on his back. The entries should be B = Apparent Broken Bones and L = Severe Laceration.

[Note: Simple Assault offenses do not allow for any injury types other than "N" (None) or "M" (Apparent Minor Injury).]

34 Offender (Sequence) Number(s) to be Related - 2 characters (Mandatory, Conditional)

Data Element 34 is used, along with Data Element 35 (Relationships of Victim to Offenders), to report the relationships of the victim to offenders who have perpetrated a Crime Against Person or a Robbery against the victim. These two data elements (34 and 35) are always reported together.

Data Element 34 is to be used only if one or more of the following MTIBR Offense Codes was entered into Data Element 24 (Victim Connected to MTIBR Offense Codes):

Murder and Non-negligent Manslaughter
Negligent Homicide
Kidnapping/Abduction
Sexual Assault With An Object
Justifiable Homicide
Forcible Rape
Forcible Sodomy

Forcible Fondling
Aggravated Assault
Intimidation
Statutory Rape

Robbery
Simple Assault
Incest

Enter the Offender Sequence Numbers (Data Element 36) of the up to ten (10) offenders for whom victim-to-offender relationships are going to be reported in Data Element 35. If more than 10, enter the 10 most closely related.

Example: If three offenders assaulted Victim-001, enter 01, 02, and 03.

[Note: These same sequence numbers must be used to identify the same offenders in Data Element 36. See below.]

35 Relationship(s) of Victim to Offender(s) - 2 characters (Mandatory, Conditional)

Data Element 35 is to be used, along with Data Element 34 (Offender Numbers to be Related), to report the relationship of the victim to offenders who have perpetrated a Crime Against Person or a Robbery against the victim. These two data elements (34 and 35) are always reported together.

Data Element 35 is to be used only if one or more of the following MTIBR Offense Codes was entered into Data Element 24 (Victim Connected to MTIBR Offense Codes):

Murder and Non-negligent Manslaughter	
Negligent Homicide	Justifiable Homicide
Kidnapping/Abduction	Forcible Rape
Sexual Assault With An Object	Forcible Sodomy
Forcible Fondling	Robbery
Aggravated Assault	Simple Assault
Intimidation	Incest
Statutory Rape	

Data Element 35 is to be used to indicate the victim's relationship with up to ten (10) offenders involved in the incident.

Allowed entries: (enter up to 10)

WITHIN FAMILY:

SE = Victim Was Spouse

CS = Victim Was Common-Law Spouse

PA = Victim Was Parent
SB = Victim Was Sibling (brother or sister)
CH = Victim Was Child (son or daughter)
GP = Victim Was Grandparent
GC = Victim Was Grandchild
IL = Victim Was In-law
SP = Victim Was Stepparent
SC = Victim Was Stepchild
SS = Victim Was Stepsibling (stepbrother / stepsister)
OF = Victim Was Other Family Member

OUTSIDE FAMILY BUT KNOWN TO VICTIM:

AQ = Victim was Acquaintance
FR = Victim was Friend
NE = Victim was Neighbor
BE = Victim was Babysitter (the baby/child)
BG = Victim was Boyfriend/Girlfriend
CF = Victim was Child of Boyfriend or Girlfriend
HR = Homosexual Relationship
XS = Victim was Ex-Spouse
EE = Victim was Employee
ER = Victim was Employer
OK = Victim was Otherwise Known

NOT KNOWN BY VICTIM:

RU = Relationship Unknown
ST = Victim was Stranger

OTHER:

VO = Victim Was Offender

The category "Victim Was Offender" is to be used in cases where a participant in the incident is a victim and offender in the incident, such as domestic disputes where both husband and wife are charged with assault; double murders (e.g., two people kill each other); or barroom brawls where many participants are arrested.

When reporting these data, keep in mind that the relationship requested is that of the victim to the offender. Also, the relationship of the victim to *each* offender is to be reported.

Example (1): An employee assaulted his employer (a person) with his fists. ER = Victim Was Employer should be entered.

Example (2): Two unknown subjects rob a male and female couple. ST = Victim was Stranger should be entered to indicate the relationship of each victim to each offender.

[Note: If an offender has unknown values for age, race and sex, the only allowable relationship is RU (relationship unknown).]

Offender Segment

Offender Segments are used to describe the offenders in the incident.

36 Offender Sequence Number - 2 characters (Mandatory)

Each offender in the incident is to be assigned a sequence number from 01 to 99. A separate set of offender data is to be submitted for each numbered offender. If nothing is known about the offender(s), report 00; however, the offender segment must be updated and a sequence number changed to reflect the sequence number and demographics of the arrestee/s if the individual is later arrested. This then allows for the victim/offender relationship to be coded in the victim segment based on the new sequence number.

[Note: If sequence numbers have already been assigned because the offenders perpetrated a Crime Against Person in the victim segment or a Robbery, simply use the same numbers.]

Example (1): A corpse with five bullet holes in it was found in an abandoned warehouse. There were no witnesses to the crime or suspects. A single Offender Segment should be submitted with 00 entered into Data Element 36 (Offender Sequence Number) and with no entries in Data Elements 37 through 39.

Example (2): Two offenders were seen fleeing the scene of a burglary, but because they were wearing ski masks, their age, sex, and race could not be determined. Two Offender Segments should be submitted -- one with Offender Sequence Number 01 and the other with 02. Applicable "unknown" codes should be entered into Data Elements 37, 38, and 39.

37 Age of Offender - 4 characters (Mandatory, Conditional)

The age of the offender is to be entered either as an exact number of years, a range of years, or as unknown.

Allowed entries: (enter only one)

01 to 98 = Years Old (enter exact age in years)

99 = Over 98 Years Old

00 = Unknown

Any combination of " __ " to " __ " years

Example: If the victim or a witness reported the offender's age as between 25 and 30 years old, 2530 (e.g., 25 to 30 years old) should be entered.

38 Sex (of Offender) - 1 character **(Mandatory, Conditional)**

The sex of the offender is to be indicated in Data Element 38.

Allowed entries: (enter only one)

M = Male
F = Female
U = Unknown

Example: The witness caught only a fleeting glance of the offender, and therefore, was unable to report the offender's sex. The entry should be U = Unknown.

39 Race (of Offender) - 1 character **(Mandatory, Conditional)**

The race of the offender is to be indicated in Data Element 39.

Allowed entries: (enter only one)

W = White
B = Black
I = American Indian/Alaskan Native
A = Asian/Pacific Islander
U = Unknown

Example: If the offender was oriental, the entry should be A = Asian/Pacific Islander.

Arrestee Segment

Arrestee Segments are used to report the apprehension of the persons who committed the crimes reported in the incident reports.

40 Arrestee (Sequence) Number - 2 characters (Mandatory, Conditional)

Each arrestee reported in an Incident Report is to be assigned a sequence number from 01 to 99. In an Incident Report, a separate "Arrestee Segment" is to be submitted for each numbered arrestee. If there were no arrestees, this segment should not be submitted.

Example: If two persons were arrested in connection with a previously submitted Incident Report, two Arrestee Segments should be submitted -- one with Arrestee Sequence Number 01 and the other with 02.

If the offender was unknown at the time of the reported incident and "00" was entered as the Offender sequence number, the offender record must be updated at the time of the arrest. The update would involve assigning an offender sequence number and completing the data elements in the offender record based on the arrestees characteristics.

41 Arrest Transaction Number: 12 characters (Mandatory, Conditional)

Data Element 41 must be unique for each arrest within an Incident. This can be the Montana Arrest Numbering System (**MANS**) number assigned by the state. The Montana specific MANS number will be entered when available. If the person is cited and released then the citation number is used as the Arrest Transaction Number. Arrest Transaction Numbers can be auto generated by the records management system.

42 Arrest Date - 8 characters (Mandatory, Conditional)

Data Element 42 is to be used to enter the Month, Day, and Year (MMDDYYYY) when the arrest took place.

Example: If the subject was arrested on July 23, 1998, the entry should be 07/23/1998.

43 Type of Arrest - 1 character (Mandatory, Conditional)

Data Element 43 is to be used to indicate the type of apprehension. Allowed entries: (enter only one)

O = On-View Arrest (taken into custody without a warrant or previous incident report)

S = Summoned/Cited (not taken into custody)

T = Taken Into Custody (based on warrant and/or previously submitted incident report)

Example (1): A female was arrested without a warrant while in the act of soliciting for prostitution on a street corner. The entry should be O = On-View Arrest.

Example (2): A man was served with a subpoena summoning him to appear in court. The entry should be S = Summoned/Cited.

Example (3): A suspect was taken into custody as the result of a complaint being filed, an investigation being conducted, and a warrant being issued. The entry should be T = Taken Into Custody.

44 Multiple Arrestee Segments Indicator - 1 character (Mandatory, Conditional)

Data Element 44 is to be used to ensure that an arrestee is counted (scored) only once when the arrestee's apprehension causes the arresting agency to submit two or more Arrestee Segments concerning separate Incident Reports. In other words, the arrestee was involved in more than one crime incident (which may be previously uncleared incidents) and his/her arrest data are duplicated in each Incident Report. In such a situation, C = Count Arrestee is to be entered into the current Arrestee Segment, and M = Multiple is to be entered into all of the previous Arrestee Segments. If the arrestee's apprehension does not cause the arresting agency to submit multiple Arrestee Segments, enter N = Not Applicable.

It should be noted that **codes C and M are to be used in Data Element 44 only when the same agency submits two or more Arrestee Segments relating to the same arrestee involving more than one incident.**

Allowed entries: (enter one per Arrestee Segment)

C = Count Arrestee

M = Multiple

N = Not Applicable

Example (1): After a suspect's apprehension for robbery, it was learned that he was also responsible for five additional robberies within the jurisdiction. One Arrestee Segment was keyed into the local computer, along with the Incident Numbers of the six incidents. The local computer then generated six Arrestee Segments, which were duplicates except for their Incident Numbers. The five (5) previous Arrestee Segments had M = Multiple and the current one (1) had C = Count Arrestee entered into Data Element 44. Each of the six robberies is cleared.

Example (2): If the suspect's arrest did not clear additional incidents, the entry should be N = Not Applicable.

A recommended action for Data Element 44 is to enter a "C" for the current arrest and enter "M" in the arrest segment for all previous incidents that are being cleared by the current arrest.

45 Arrest MTIBR Offense Code - 4 characters (Mandatory, Conditional)

The four-digit MTIBR Offense Code(s) of the offense(s) for which the arrestee was apprehended is to be entered into Data Element 45. Data Element 45 may occur up to ten (10) times for the most serious offenses for which the individual is being arrested. Suggested Action: For an arrest segment being completed for a past incident which is being cleared by the current arrest (A multiple clearance) list the most serious offense for which the current arrestee is being apprehended in the first MTIBR arrest/offense code of the previous incident arrest segment.

46 Arrestee Was Armed With - 3 characters (Mandatory, Conditional)

Data Element 46 is to be used to indicate whether the arrestee was armed with a commonly known weapon at the time of his/her apprehension. Up to two (2) entries can be made. These codes are not exactly the same as the Offense Segment "Weapon Type" codes.

If the weapon was an automatic firearm, an "A" is to be added as a suffix to its code, e.g., 13A = Automatic Rifle. [Note: An "Automatic Firearm" is defined as any firearm which shoots, or is designed to shoot, more than one shot at a time by a single pull of the trigger without manual reloading.]

Allowed entries: (enter up to 2)

- 01 = Unarmed**
- 11 = Firearm (type not stated)**
- 11A = Automatic Firearm (type not stated)**
- 12 = Handgun**
- 12A = Automatic Handgun**
- 13 = Rifle**
- 13A = Automatic Rifle**
- 14 = Shotgun**
- 14 = Automatic Shotgun**
- 15 = Other Firearm**
- 15A = Automatic - Other Firearm**
- 16 = Lethal Cutting Instrument (e.g., switchblade knife, martial arts "stars", etc.)**
- 17 = Club/Blackjack/Brass Knuckles (blunt object)**

Example (1): When a man was arrested, he had in his possession a .357-Magnum handgun and a penknife. The entry should be 12 = Handgun. Because a small pocketknife is not generally considered to be a "weapon", it does not qualify for reporting.

Example (2): A female resisted arrest using a liquor bottle and a chair as weapons before being subdued. The entry should be 01 = Unarmed. Although the subject used items as weapons, they were not commonly known weapons.

47 Age of Arrestee - 4 characters (Mandatory, Conditional)

The age of the arrestee is to be entered either as an exact number of years, a range of years, or as unknown.

Allowed entries: (enter only one)

01 to 98 = Years Old

99 = Over 98 Years Old

00 = Unknown

Any combination of "___" to "___" years

Example: The arrestee refused to give his date of birth, but he appeared to be 35 to 40 years old. Possible entries would be 00 = Unknown or 3540 (e.g., 35 to 40 years old).

48 Sex (of Arrestee) - 1 character (Mandatory, Conditional)

The sex of the arrestee is to be indicated in Data Element 48.

Allowed entries: (enter only one)

M = Male

F = Female

Example: If the arrestee was a female, the entry should be F = Female.

49 Race (of Arrestee) - 1 character (Mandatory, Conditional)

The race of the arrestee is to be indicated in Data Element 49.

Allowed entries: (enter only one)

W = White

B = Black

I = American Indian/Alaskan Native

A = Asian/Pacific Islander

U = Unknown

Example: If the arrestee was a white person, the entry should be W = White.

50 Ethnicity of Arrestee - 1 character (Mandatory, Conditional)

The ethnic origin of the arrestee is to be entered into Data Element 50.

Allowed entries: (enter only one)

H = Hispanic Origin
N = Not of Hispanic Origin
U = Unknown

Example: If the arrestee was Hispanic, the entry should be H = Hispanic Origin.

51 Resident Status of Arrestee - 1 character (Mandatory, Conditional)

Whether the arrestee was a resident or nonresident is to be entered into Data Element 51.

A "Resident" is a person who maintains his/her permanent home for legal purposes in the locality (e.g., town, city, or community) where the crime took place. [Note: Reporting agencies should base their determinations of residency on the town, city, or community where the crime occurred rather than their broader geographical jurisdictions.]

Allowed entries: (enter only one)

R = Resident
N = Nonresident
U = Unknown

Example (1): The crime occurred in Phoenix, Arizona, and the arrestee maintained his legal residence in that city. The entry would be R = Resident.

52 Disposition of Arrestee Under 18 -1 character (Mandatory, Conditional)

Data Element 52 is to be used only if the arrestee was 17 years of age or younger at the time of the arrest (checked according to data element 47). Otherwise it should be blank.

Allowed entries: (enter only one)

- H = Handled Within Department** (e.g., released to parents, released with warning, etc.)
- R = Referred to Other Authorities** (e.g., turned over to juvenile court, probation department, welfare agency, other police agency, criminal or adult court, etc.)

Example (1): The arrestee, age 13, who was arrested for vandalizing a school, was released to his parents with a warning. The entry would be H = Handled Within Department.

Example (2): The arrestee, age 17, who was arrested for murder, was turned over to the Adult Court to be tried as an adult. The entry would be R = Referred to Other Authorities.

Example (1): For all Crimes Against Persons (e.g., Assault Offenses, Homicide Offenses, etc.), 25 = Type of Victim (I) means that the submitting agency must enter I = Individual into Data Element 25 (Type of Victim) of the Victim Segments relating to those offenses. If any other type of victim code is entered into the Victim Segment submitted for one of these offenses (e.g., B = Business or S = Society/Public), the report will be rejected as containing an error.

Example (2): For all Crimes Against Society (e.g., Drug/Narcotic Offenses, Gambling Offenses, etc.), 25 = Type of Victim (S) means that the submitting agency must enter S = Society/Public into Data Element 25 (Type of Victim) of the Victim Segments relating to those offenses. If any other type of victim code is entered into the Victim Segment submitted for one of these offenses (e.g., I = Individual or B = Business), the report will be rejected as containing an error.

Example (3): If both a Crime Against Person and a Crime Against Society were involved in the same incident, I = Individual would be entered into the Victim Segment for the Crime Against Person, while S = Society/Public would be entered into the Victim Segment for the Crime Against Society.

Again, "If statements" have been used to ensure correct reporting. The following "If statements" are given as examples:

Example (1): If "A" in 7 (Offense Attempted/ Completed) then:
14 = Type of Property Loss/Etc. (1 or 8)

This means that, if the offense (e.g., Arson) was only A = Attempted (e.g., no fire resulted), then the type of property loss/etc. designated within the parentheses must be either 1 = None or 8 = Unknown.

Example (2): If "C" in 7 (Offense Attempted/Completed) then:
14 = Type of Property Loss/Etc. (2)
15 = Property Description
16 = Value of Property

This means that, if the offense (e.g., Arson) was C = Completed, then a Property Segment must be submitted which has the type of property loss/etc. designated within the parentheses (2 = Burned) entered into Data Element 14. If any other type of property loss/etc. was entered by the submitting agency (e.g., 1 = None, 3 = Counterfeited, 4 = Destroyed/Damaged/Vandalized, 7 = Stolen, etc.), the report will be rejected as containing an error.

[Note: In a multiple-offense incident, other Crimes Against Property may be involved which could call for the other types of property loss/etc. For example, if a single incident involved both Arson and Burglary, then a Property Segment containing 2 = Burned and another Property Segment containing 7 = Stolen could be submitted for the incident.]

The above "If statement" also requires that a description of the burned property be entered into Data Element 15 and its value be entered into Data Element 16.

Example (3): If any code but 00 in 36 (Offender Sequence Number) then:
34 = Offender Number(s) to be Related
35 = Relationship(s) of Victim to Offender(s)

This means that, if an "Offender Sequence Number" was assigned (e.g., data were entered describing an offender), then victim-to-offender relationship data must be entered into Data Elements 34 (Offender Numbers to be Related) and 35 (Relationships of Victim to Offenders).

[Note: Example (3) applies only when a Crime Against Person (e.g., Homicide, Kidnapping, Forcible Sex Offense, Assault Offense, or Non-forcible Sex Offense) or a Robbery was committed against the victim.]

D. Incident Report - "Common" Data Elements

"Common" Data Elements are applicable to all offenses, e.g., offenses for which "Incident Reports" are submitted.

"Common" Data Elements For All Incident Reports:

Mandatory: 1 = ORI Number
2 = Incident Number
3 = Incident Date/Hour
4 = Cleared Exceptionally
If any code but "N" in 4 (Cleared Exceptionally) then:
5 = Exceptional Clearance Date

6 = MTIBR Offense Code
7 = Offense Attempted/Completed
8 = Offender(s) Suspected of Using
8A = Bias Motivation
8B = Domestic Abuse Related
8C = Gang Related
8D = Gambling Related
9 = Location Type

23 = Victim (Sequence) Number
24 = Victim Connected to MTIBR Offense Code(s)
25 = Type of Victim
If "I" or "L" in 25 (Type of Victim) then:
26 = Age (of Victim)
27 = Sex (of Victim)
28 = Race (of Victim)
29 = Ethnicity (of Victim)
30 = Resident Status (of Victim)

If "L" in 25 (Type of Victim) then:

25A = Type of Activity

25B = Assignment Type

25C = ORI – Other Jurisdiction

36 = Offender (Sequence) Number

If any code but 00 in 36 (Offender Sequence Number) then:

37 = Age (of Offender)

38 = Sex (of Offender)

39 = Race (of Offender)

Supplemental "Common" Data Elements For Incident Reports Containing Arrestee Segments:

Mandatory: 40 = Arrestee (Sequence) Number
41 = Arrest Transaction (MANS) Number
42 = Arrest Date
43 = Type of Arrest
44 = Multiple Arrestee Segments Indicator
45 = Arrest MTIBR Offense Code
46 = Arrestee Was Armed With
47 = Age (of Arrestee)

If 47 (Age of Arrestee) is less than 18 then:

52 = Disposition of Arrestee Under 18

48 = Sex (of Arrestee)

49 = Race (of Arrestee)

Mandatory Conditional:

50 = Ethnicity (of Arrestee)

51 = Resident Status (of Arrestee)

E. Incident Report - "Additional" Data Elements

"Additional" Data Elements are applicable to certain offenses and are in addition to the Incident Report - "Common Data Elements" listed above. They complete the Data Element reporting requirements for the individual offenses. These must be entered for the specified offense.

1. ARSON (Crime Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (2)

15 = Property Description

16 = Value of Property

2. ASSAULT OFFENSES (Crimes Against Persons)

Mandatory: 7 = Offense Attempted/Completed (C)
12 = Type Criminal Activity = (N, G, or J).
25 = Type of Victim (I) or (L)

If any code but 00 in 36 (Offender Sequence Number) then:

34 = Offender Number(s) to be Related
35 = Relationship(s) of Victim to Offender(s)

Only: Aggravated Assault
Simple Assault

Mandatory: 13 = Type Weapon/Force Involved
33 = Type Injury

Only: Aggravated Assault

Mandatory: 31 = Aggravated Assault/Homicide Circumstances

Only: Aggravated Assault
If 25 = Type of Victim (L)
25A = Type of Assignment
25B = Type of Activity

3. BAD CHECK OFFENSE (Crime Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1, 7 or 8)
15 = Property Description (21, Negotiable Instruments)
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) Then:
17 = Date Recovered

4. BRIBERY (Crime Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1, 5, 7, or 8)

If 5 or 7 in 14 (Type Property Loss/Etc.) then:
15 = Property Description
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:
17 = Date Recovered

5. BURGLARY/BREAKING AND ENTERING (Crime Against Property)

Mandatory: If 14 or 19 in 9 (Location Type) then:
10 = Number of Premises Entered
11 = Method of Entry

If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1, 5, 7, or 8)

If 5 or 7 in 14 (Type Property Loss/Etc.) then:
15 = Property Description
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:
17 = Date Recovered

6. COUNTERFEITING/FORGERY (Crime Against Property)

Mandatory: 12 = Type Criminal Activity (B, C, D, E, O, P, T, U)

If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (3, 5, or 6)
15 = Property Description
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:
17 = Date Recovered

7. DESTRUCTION/DAMAGE/VANDALISM OF PROPERTY (Crimes Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (4)
15 = Property Description
16 = Value of Property

8. DRUG/NARCOTIC OFFENSES (Crimes Against Society)

Mandatory: 12 = Type Criminal Activity (B, C, D, E, O, P, T, U)

If "A" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (1 or 6)

If any code but 10 in 15 (Property Description) then:

16 = Value of Property

25 = Type of Victim (S)

Only: Drug/Narcotic Violations (Not equipment/paraphernalia)

If 1 in 14 (Type Property Loss/Etc.) then:

20 = Suspected Drug Type

If 6 in 14 (Type Property Loss/Etc.) then:

15 = Property Description (any code but 11)

If 6 in 14 (Type Property Loss/Etc.) and if 10 (Drugs) in 15 (Property Description) then:

20 = Suspected Drug Type

21 = Estimated Drug Quantity

22 = Type Drug Measurement

Only: Drug Equipment/paraphernalia Violations

If 6 in 14 (Type Property Loss/Etc.) then:

15 = Property Description (any code but 10)

9. EMBEZZLEMENT (Crime Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (5 or 7)

15 = Property Description

16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:

17 = Date Recovered

10. **EXTORTION/BLACKMAIL** (Crime Against Property)

Mandatory: 13 = Type Weapon/Force Involved

If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (5 or 7)
15 = Property Description
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:
17 = Date Recovered

If "I" in 25 (Type of Victim) then:
33 = Type Injury

11. **FRAUD OFFENSES** (Crimes Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (5 or 7)
15 = Property Description
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) Then:
17 = Date Recovered

12. **GAMBLING OFFENSES** (Crimes Against Society)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (6)
15 = Property Description
16 = Value of Property
25 = Type of Victim (S)

Only: Gambling Equipment Violations

Mandatory: 12 = Type Criminal Activity (B, C, D, E, O, P, T, U)

13. HOMICIDE OFFENSES (Crimes Against Persons)

Mandatory: 7 = Offense Attempted/Completed (C)

[Note: "Attempted Murder" is to be classified as Aggravated Assault.]

12 = Type Criminal Activity (N, G, or J)

13 = Type Weapon/Force Involved

25 = Type of Victim (I or L)

31 = Aggravated Assault/Homicide Circumstances

If any code but 00 in 36 (Offender Seq. Number) then:

34 = Offender Number(s) to be Related

35 = Relationship(s) of Victim to Offender(s)

If 25 (Type of Victim) = L

25A = Type of Assignment

25B = Type of Activity

Only: Justifiable Homicide

Mandatory: 31 = Aggravated Assault/Homicide Circumstances
(20 or 21)

32 = Additional Justifiable Homicide Circumstances

14. KIDNAPING/ABDUCTION (Crime Against Person)

Mandatory: 12 = Type Criminal Activity (N, G, or J)

13 = Type Weapon/Force Involved

If "A" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:

14 = Type Property Loss/Etc. (1, 5, 7, or 8)

If 5 or 7 in 14 (Type Property Loss/Etc.) then:

15 = Property Description

16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:

17 = Date Recovered

25 = Type of Victim (I)

33 = Type Injury

If any code but 00 in 36 (Offender Seq. Number) then:

34 = Offender Number(s) to be Related

35 = Relationship(s) of Victim to Offender(s)

15. **LARCENY/THEFT OFFENSES** (Crimes Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (5 or 7)
15 = Property Description
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) Then:
17 = Date Recovered

16. **MOTOR VEHICLE THEFT** (Crime Against Property)

Mandatory: If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (5 or 7)
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:
15 = Property Description (any valid codes)
17 = Date Recovered

If 03, 05, 24, 28, or 37 in 15 (Property Description) then:
19 = Number of Recovered Motor Vehicles

If 7 in 14 (Type Property Loss/Etc.) then:
15 = Property Description (any valid codes, but one must be 03, 05, 24, 28, or 37)
18 = Number of Stolen Motor Vehicles

17. **PORNOGRAPHY/OBSCENE MATERIAL** (Crime Against Society)

Mandatory: 12 = Type Criminal Activity (B, C, D, E, O, P, T, U)
25 = Type of Victim (S)

18. **PROSTITUTION OFFENSES** (Crimes Against Society)

Mandatory: 25 = Type of Victim (S)

19. **ROBBERY** (Crime Against Property)

Mandatory: 12 = Type Criminal Activity (N, G, or J)
13 = Type Weapon/Force Involved

If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (5 or 7)
15 = Property Description
16 = Value of Property

If 5 in 14 (Type Property Loss/Etc.) then:
17 = Date Recovered

If "I" in 25 (Type of Victim) then:
33 = Type Injury

If "I" in 25 (Type of Victim) and if any code but 00 in 36 (Offender Sequence Number) then:
34 = Offender Number(s) to be Related
35 = Relationship(s) of Victim to Offender(s)

20. SEX OFFENSES, FORCIBLE (Crimes Against Persons)

Mandatory: 12 = Type Criminal Activity (N, G, or J)
13 = Type Weapon/Force Involved
25 = Type of Victim (I)
33 = Type Injury

If any code but 00 in 36 (Offender Sequence Number) then:
34 = Offender Number(s) to be Related
35 = Relationship(s) of Victim to Offender(s)

21. SEX OFFENSES, NONFORCIBLE (Crimes Against Persons)

Mandatory: 25 = Type of Victim (I)

If any code but 00 in 36 (Offender Sequence Number) then:
34 = Offender Number(s) to be Related
35 = Relationship(s) of Victim to Offender(s)

22. STOLEN PROPERTY OFFENSES (Crime Against Property)

Mandatory: 12 = Type Criminal Activity (B, C, D, E, O, P, T, U)

If "A" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 8)

If "C" in 7 (Offense Attempted/Completed) then:
14 = Type Property Loss/Etc. (1 or 5)

If 5 in 14 (Type Property Loss/Etc.) then:

15 = Property Description
16 = Value of Property
17 = Date Recovered

23. **WEAPON LAW VIOLATIONS** (Crime Against Society)

Mandatory: 12 = Type Criminal Activity (B, C, D, E, O, P, T, U)
13 = Type Weapon/Force Involved
25 = Type of Victim (S)

Montana Data Submission Specifications and Data Format

Montana Incident Based Reporting System (MTIBRS) Data Submission Specifications (Based on Volume 2 - FBI Uniform Crime Reporting - Data Submission Specifications).

These specifications have been prepared for the local systems personnel (e.g. computer programmers and analysts) who are responsible for preparing data for submission to MBCC. Included are designations of "mandatory" and "mandatory, conditional" data elements.

A. Submittal Media Specifications

Data files may be submitted to MBCC through e-mail file. Each record must end with a carriage return. Field delimiters between fields are not allowed. The filename on the disk should be in the following format: MT02501.MMY where the filename is the first 7 digits of the agency ORI and the extension is the two digit month followed by the last two digits of the year. MBCC should receive 12 monthly files each year.

B. Creation of Monthly Submittal Media

All data entered into the local law enforcement agency's database must be submitted monthly to MBCC. The files should be submitted to MBCC by the 15 of the following month. e.g. January's file should be submitted by February 15th.

To standardize these submittals, MBCC requests that monthly submissions be sent to MBCC containing new incidents, and deleted incidents if incidents have previously been submitted. If there has been a modification made to any segment of an incident, the entire incident needs to be resubmitted to MBCC. If there were no incidents entered in a month, a zero reporting segment should be submitted.

C. Overview of Segments to be submitted

The data elements representing the MTIBR data structure have been grouped into six distinct Segment Levels identified as Level "1", Level "2", etc. Segment Level "0" is used for Zero Reporting for local agencies (That is, there was no crime reported during that month of submission).

Each incident report is to be submitted to MBCC using up to six (6) distinct records, each of which is referred to as a "Segment".

An incident report may consist of many possible combinations of circumstances ranging from a simple one offense, victim, and offender situation, to a complex set of multiple offenses, property losses, victims, offenders, and arrestees. In addition, each of the victims may not be connected to each of the offenses. In other words, one, some, or all of the victims may be connected to each applicable offense.

D. Incident Report Segment Levels

There are six SEGMENT LEVELS within an incident report. Position "5" of each record [Segment] will contain one of the following SEGMENT LEVEL codes (1-6) to indicate what kind of segment is being submitted. A brief description of each Segment Level follows:

LEVEL DESCRIPTION

- 1 ADMINISTRATIVE SEGMENT**
Provides administrative information regarding the overall incident.
- 2 OFFENSE SEGMENT**
Provides information about the Offense(s) involved in the incident.
- 3 PROPERTY SEGMENT**
Provides information about the various types of property losses, etc. that may occur as a result of the incident.
- 4 VICTIM SEGMENT**
Provides information about the victim(s) involved in the incident.
- 5 OFFENDER SEGMENT**
Provides information about the offender(s) involved in the incident.

NOTE: If the offender(s) had been arrested at the time the initial incident report was entered into the computer system, an Offender Segment must be generated if the local law enforcement agency does not maintain both offender and arrestee segments when the same individual is involved. Care must be taken to include within the victim segment the specific victim relationship code to this offender as originally entered into data element 34 (Offender Number to be Related) and 35 (Relationship of Victim to Offender). Victim to Offender relationships are required when any offense is a "Crime Against Person".

- 6 ARRESTEE SEGMENT**
Provides information about the arrestee(s) involved in the incident.

Note: if the Arrestee Segment is being submitted as part of an incident report, the local law enforcement agency's computer must create a corresponding Offender Segment. Automated procedures must be established to generate correctly the required segments as mentioned within this document. Refer to Level 5 "Offender Segment", above.

- 0 ZERO-REPORTING SEGMENT LEVEL**
This Segment Level is to be used when agencies report no crime occurring within their jurisdiction for the reporting month. Position "5" on this segment will contain "0" as the Segment Level.

E. Linkages and Sequence of Segments

Each incident report has one master segment, called the Administrative Segment. Connected to this segment are one or more Offense, Property (if applicable), Victim, Offender, and Arrestee (if applicable) segments.

Victim Segments contain pointers (e.g., links) to the applicable Offense Segment(s). For example, if there are 2 Offenses, 3 Victims, and 4 Offenders, and one of the Offenders was arrested, Victim-001 could be linked to Offense-02, Victim-002 could be linked to Offense-01, and Victim-003 might be linked to Offense-01 and Offense-02. In "Crime Against Person", each Victim Segment additionally contains relationship pointers to each of the Offender Segments. This sequence of segments reflects the "Linkage Example". The numbers "1" through "6" refer to Segment Levels:

LEVEL SEGMENT

1	ADMINISTRATIVE
2	OFFENSE-01
2	OFFENSE-02
3	PROPERTY, if applicable.
4	VICTIM-001 (pointer to Offense-02)
4	VICTIM-002 (pointer to Offense-01)
4	VICTIM-003 (pointers to Offenses 01-02)
5	OFFENDER-01
5	OFFENDER-02
5	OFFENDER-03
5	OFFENDER-04
6	ARRESTEE-01

F. SEGMENT ACTION TYPES

The following SEGMENT ACTION TYPES must be used when submitting incident reports that are maintained within the participant's database. Except where specified below, if a previously submitted incident report is being adjusted, the complete incident report would be resubmitted.

SEGMENT ACTION TYPE

"1" = INCIDENT REPORT (Levels 1-6):

Submit all known data at the time the incident is initially reported, including the appropriate SEGMENT LEVELS within the Incident Report. Use this "Segment Action

Type" also to resubmit an entire incident report previously reported to MBCC, but which had to be deleted and resubmitted because individual types of segments (Segment Levels) needed to be added, modified, or deleted.

"D" = DELETE

Use "D" to delete if the incident report was previously submitted and later unfounded or was initially reported in error. To do this, send the Administrative Segment as a "D" = Delete and all the "descendant" or "dependent" segments of that linkage will be deleted for Segment Levels 1 through 6.

Level I - Administrative Segment

This is the master segment. There is one Administrative Segment for each INCIDENT. All other incident data relating to offenses, property, victims, offenders, and arrestees are contained in Segments that are linked to the Administrative Segment by Data Element 1 (ORI Number) and 2 (Incident Number).

DE = Data Element

RP = Record Position

DL = Data Length

DE	RP	DL	Description
	1-4	4	Leave Blank
	5	1	Segment Level Designates this as an Administrative Segment. Valid Code: 1
	6	1	Segment Action Type: only I or D Instructs as to what kind of database activity is to be performed. Every record/incident transmitted to the Board of Crime Control will be treated as a new record. It is required that if any part of an incident (including all related segments), is modified a full set of incident segments will be submitted and will replace the corresponding segments in the state database. Valid Codes: I = Incident new, and D = Delete (to be used only when a record/incident was entered in error or was "Unfounded" after being reported to MBCC).
	7-8	2	Month of Media Month of data being processed (MM / 01-12).
	9-12	4	Year of Media Year of data being processed (YYYY / e.g. 1998)
	13-16	4	Leave Blank
1	17-25	9	ORI Number

			Valid NCIC ORI number. Example: MT0250100 = Helena P.D.
2	26-37	12	Incident Number Left-justified with blank right-fill. Example: 97-13456
3	38-45	8	Incident Date In the format of YYYYMMDD, e.g., 19970308. If incident date is unknown, enter report date.
	46	1	Report Date Indicator Must be "R" = Report, only if incident date is unknown and the "reported date" was entered as the incident date; else blank.
	47-48	2	Incident Hour Enter time in military hours only (HH/00-23); Do not enter minutes. If hour is unknown leave blank.
4	49	1	Cleared Exceptionally Valid Codes: A = Death of offender B = Prosecution declined C = Extradition denied D = Victim refused to cooperate E = Juvenile/no custody N = Not applicable (not cleared exceptionally) Submit a "N" for incidents that have been cleared by any code other than A – E (example: local agency uses X = Administrative clearance.) For Incidents that were previously submitted to the state and were since "unfounded", submit them with a "D" (delete) in the Segment Action type (Record Position "6") in the Administrative Segment in the next download to MBCC. If an incident is "unfounded" before it is submitted to MBCC, then do not submit it with the download.
	NOTE		
5	50-57	8	Exceptional Clearance Date In the format of YYYYMMDD. The date the incident was

			cleared by exception.
	58-87	30	<p>Leave Blank</p> <p>(Commercial products may have programmed this to contain Offense Codes for "W" submissions. Montana will collect all segments of an incident even if only one segment changes.)</p>
	88-95	8	<p>Activity Date</p> <p>Date of entry for new incident, or date of last change/update activity for any segment in this incident. In the format of YYYYMMDD.</p>

Level 2 - Offense Segment

There must be one Offense Segment for each different Montana IBR (MTIBR) Offense Code (Up to 10) associated with each incident.

DE = Data Element

RP = Record Position

DL = Data Length

DE	RP	DL	Description
	1-4	4	Leave Blank
	5	1	Segment Level Designates this as an Offense Segment. Valid Code: 2
	6	1	Segment Action Type - Always "I" Valid Code: I
	7-8	2	Month of Media Month of data being processed (MM / 01-12).
	9-12	4	Year of Media Year of data being processed (YYYY / e.g. 1998)
	13-16	4	Leave Blank
1	17-25	9	ORI Number Valid NCIC ORI number. Example: MT0250100 = Helena P.D.
2	26-37	12	Incident Number Left-justified with blank right-fill. Example: 97-13456
	38-40	3	Leave Blank Report MTIBR offense codes in record positions 64-67 of

			this segment.
7	41	1	<p>Offense Attempted/Completed</p> <p>Valid Codes: A = Attempted C = Completed</p>
8	42	1	<p>Offender Suspected of Using #1</p> <p>Valid Codes: A = Alcohol C = Computer Equipment D = Drugs/Narcotics N = Not Applicable</p>
8	43	1	<p>Offender Suspected of Using #2</p> <p>Valid codes: A, C, D or N Same as above</p>
8	44	1	<p>Offender Suspected of Using #3</p> <p>Valid codes: A, C, D or N Same as above</p>
9	45-46	2	<p>Location Type</p> <p>Valid Codes: 01-25, 35 and 36 MT Specific (Refer to <i>Montana Data Elements and Data Values</i>)</p>
10	47-48	2	<p>Number of Premises Entered</p> <p>Valid Values: 01-99. Enter data into this field only if the offense is a (Burglary, Non-residence); and Data Element 9 (Location Type) contains "14" (Hotel/Motel/Etc.) or "19" (Rental Storage Facility.)</p>
11	49	1	<p>Method of Entry</p> <p>Valid Codes: F = Force N = No Force</p> <p>Enter data into this field only if the offense is a burglary.</p>
12	50	1	Type Criminal Activity #1

			Valid Codes: B = Buying/Receiving C = Cultivating/Manufacturing/Publishing D = Distributing/Selling E = Exploiting children G = Other Gang J = Juvenile Gang N = No Gang involved/Unknown if gang involved O = Operating/Promoting/Assisting P = Possessing/Concealing T = Transporting/Transmitting/Importing U = Using/Consuming
12	51	1	Type Criminal Activity #2 Same as above for valid codes (N, G, and J are not valid in this space)
12	52	1	Type Criminal Activity #3 Same as above for valid codes (N, G, and J are not valid in this space)
13	53-54	2	Type Weapon/Force Involved #1 Valid Codes: 11 = Firearm (type not stated) 12 = Handgun 13 = Rifle 14 = Shotgun 15 = Other Firearm 20 = Knife/Cutting instrument 30 = Blunt object 35 = Motor vehicle 40 = Personal weapon (hands, feet, etc) 50 = Poison 60 = Explosives 65 = Fire/incendiary device 70 = Drugs/narcotics/sleeping pills 85 = Asphyxiation (drowning, strangulation, etc) 90 = Other 95 = Unknown, and 99 = None
	55	1	Automatic Weapon Indicator #1 Enter "A" if the weapon above is automatic

13	56-57	2	<p>Type Weapon/Force Involved #2</p> <p>Valid Codes = 11-99 as in data element 13 above.</p>
	58	1	<p>Automatic Weapon Indicator #2</p> <p>Enter "A" if the weapon above is automatic</p>
13	59-60	2	<p>Type Weapon/Force Involved #3</p> <p>Valid Codes = 11-99 as in data element 13 above.</p>
	61	1	<p>Automatic Weapon Indicator #3</p> <p>Enter "A" if the weapon above is automatic</p>
8A	62-63	2	<p>Bias Motivation</p> <p>Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).</p> <p>Racial Bias: 11-15</p> <p>Religious Bias 21-27</p> <p>Ethnicity/National origin bias: 32-33</p> <p>Sexual Bias: 41-45</p> <p>Disability bias: 51-52</p> <p>88 = None 99 = Unknown</p>
6	64-67	4	<p>Montana IBR (MTIBR) Offense Code</p> <p>Four (4) digit MTIBR Code from Offense Code Table. Computer software should place this four (4) digit code in this position automatically based on the corresponding MCA code and description selected by the data entry operator. (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>

	NOTE		<p>The following three fields should be filled with a "Y" if the offense in this offense record is related to a Domestic Abuse, Gang, or Gambling. Otherwise enter "N" if not applicable to this offense.</p> <p>A gang related offense must meet the following criteria: An ongoing organization, association or group of three or more persons, and Must have a common interest and/or activity characterized by the commission of or involvement in a pattern of criminal or delinquent conduct; And the offense must have been committed in association with the gang not necessarily committed by someone who is a gang member.</p>
8B	68	1	<p>Domestic Abuse Related</p> <p>Enter "Y" if related and "N" if not applicable. This data element is to be used to indicate whether the offense was related to domestic abuse.</p>
8C	69	1	<p>Gang Related</p> <p>Enter "Y" if related and "N" if not applicable. This data element is to be used to indicate whether the offense was motivated by gang involvement.</p>
8D	70	1	<p>Gambling Related</p> <p>Enter "Y" if related and "N" if not applicable. This data element is to be used to indicate whether the offense was motivated by a persons involvement in gambling.</p>

Level 3 - Property Segment

Property Segment data should only be entered for offenses of Gambling, Drugs, Drug Paraphernalia, Kidnapping, and "Crimes against Property". Data elements 14 through 22 should show the Total losses, recoveries, seizures, etc., for all the victims in each incident. If there is more than one type of property loss/etc. (e.g., "burned" and "stolen" in data element 14 [Type Property Loss/Etc.]), submit one Property Segment report for each type of loss/etc. This includes the situation when all property "stolen" is "recovered" and the value of the recovered property is the same. Two Segments would be submitted one for "Stolen" and the other for "Recovered".

The "Value" of property entered into Data Element 16 must include the total dollar loss/etc. for all of the victims. For example, if there were two victims and each had a bicycle stolen, one costing \$100 and the other \$400, the value of the bicycles would be added together showing \$500. Property Description Code "04" = Bicycles should be entered into Data Element 15 and "000000500" into data element 16. If the type property loss/etc. is "1" = None or "8" = Unknown, leave data elements 15-22 blank. It is recommended that a user warning be displayed when property values are entered above \$250,000. The MBCC does not have an upper limit when reporting property values. However, we will question any property values above \$250,000 depending on the corresponding property description.

If stolen property is recovered, enter the value at recovery in the property value field in the recovered property record. If the value at recovery is less than the loss value, enter the lesser value in the recovered property record.

DE = Data Element

RP = Record Position

DL = Data Length

DE	RP	DL	Description
	1-4	4	Leave Blank
	5	1	Segment Level Designates this as a Property Segment. Valid Code: 3
	6	1	Segment Action Type: always = "I" Valid Code: I
	7-8	2	Month of Media Month of data being processed. (MM / 01-12)

	9-12	4	Year of Media Year of data being processed (YYYY / e.g. 1998)
	13-16	4	Leave Blank
1	17-25	9	ORI Number Valid NCIC ORI number. Example: MT0250100 = Helena P.D.
2	26-37	12	Incident Number Left-justified with blank right-fill. Example: 97-13456
14	38	1	Type of Property Loss/Etc. Valid Codes: 1 = None 2 = Burned 3 = Counterfeited/forged 4 = Destroyed/damaged/vandalized 5 = Recovered 6 = Seized 7 = Stolen 8 = Unknown
	NOTE		For Reporting More Than One Piece of Property Data elements 15-16-17 are a group occurring 10 times. Up to 10 different property description codes can be entered for each type of loss/etc. selected under 14 (type property loss/etc). Enter into data element 15 (property description), the numeric codes which best describe the types of property involved. If more than 10 types of property are involved, enter the codes and values for the 9 most valuable; next, enter "77" = <u>Other</u> for the remaining combined properties, along with their total loss value and/or date recovered, also complete data elements 18 and/or 19, as applicable to reflect the number of vehicles involved.
15	39-40	2	Property Description #1 - MT has additional property

			<p>description codes.</p> <p>Valid Codes: 01-39, 50 and 51 MT specific, 77 and 88 (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>
16	41-49	9	<p>Value of Property #1</p> <p>Right-justified with zero left-fill (in whole dollars). If the value of property is unknown, enter one ("1") dollar.</p>
17	50-57	8	<p>Date Recovered #1</p> <p>In the format of YYYYMMDD. Enter only if data element 14 (Type of loss) is "5" = Recovered.</p>
	58-76	19	Repeat 15-16-17 / Occurrence #2
	77-95	19	Repeat 15-16-17 / Occurrence #3
	96-114	19	Repeat 15-16-17 / Occurrence #4
	115-133	19	Repeat 15-16-17 / Occurrence #5
	134-152	19	Repeat 15-16-17 / Occurrence #6
	153-171	19	Repeat 15-16-17 / Occurrence #7
	172-190	19	Repeat 15-16-17 / Occurrence #8
	191-209	19	Repeat 15-16-17 / Occurrence #9
	210-228	19	Repeat 15-16-17 / Occurrence #10
18	229-230	2	<p>Number of Stolen Motor Vehicles</p> <p>If data element 14 (type property loss/etc.) Is "7" = Stolen and data element 15 (property description is 03, 05, 24, 28, or 37, enter number of known stolen vehicles. If number stolen is unknown, enter 00.</p>
19	231-232	2	<p>Number of Recovered Motor Vehicles</p> <p>If data element 14 (type property loss/etc.) is "5" = Recovered and data element 15 (Property Description) is 03, 05, 24, 28, or 37 enter number of known recovered vehicles. If number recovered is unknown or no vehicle</p>

			code present, enter 00.
20	233	1	<p>Suspected Drug Type</p> <p>Valid Codes: A-P, U, and X (Refer to <i>Montana Data Elements and Data Values</i> for details).</p> <p>If data element 14 (type property loss/etc) is "1" = None and the Offense Code is a Drug/Narcotic Violation, only enter data element 20; otherwise enter only if one of the data element 15 (property description) Codes is "10" = Drugs/Narcotics, and "6" = Seized was entered into data element 14 (Type property loss/etc.). If there is a mixture of drugs that are split between two offenses, only enter the drug type(s) applicable to the Drug/Narcotic Violation.</p>
21	234-242	9	<p>Estimated Drug Quantity</p> <p>Right-justified with zero left-fill (number of pounds, grams, etc. involved)</p>
21	243-245	3	<p>Estimated Drug Quantity Fraction</p> <p>Fraction of Pounds, grams, etc. entered into type measurement below, represented in thousandths. Must be three numeric digits.</p> <p>If 1/2" ounce: 500 if "1/4" gram : 250</p>
22	246-247	2	<p>Type Drug Measurement</p> <p>Valid Codes: GM, KG, OZ, LB, ML, LT, FO, GL, DU, NP, and XX. (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>
	248-262	15	Repeat 20-21-22 / Occurrence #2
	263-277	15	Repeat 20-21-22 / Occurrence #3
	278-307	30	Leave Blank

Level 4 - Victim Segment

This segment is linked to the Offense Segment(s) applicable to this victim.
There is one segment per victim.

DE = Data Element

RP = Record Position

DL = Data Length

DE	RP	DL	Description
	1-4	4	Leave Blank
	5	1	Segment Level Designates this as a Victim Segment. Valid Code: 4
	6	1	Segment Action Type Valid Code: I
	7-8	2	Month of Media Month of data being processed. (MM / 01-12)
	9-12	4	Year of Media Year of data being processed (YYYY / e.g. 1998)
	13-16	4	Leave Blank
1	17-25	9	ORI Number Valid NCIC ORI number. Example: MT0250100 = Helena P.D.
2	26-37	12	Incident Number Left-justified with blank right-fill. Example: 97-13456
23	38-40	3	Victim (Sequence) Number Valid Codes: 001-999.

	41-70		<p>Leave Blank</p> <p>Montana codes are longer than 3 digits. Submit MTIBR offense codes in data element 24 at the end of this record.</p>
25	71	1	<p>Type of Victim</p> <p>L = Law Enforcement Officer is for reporting Law Enforcement Officers Killed or Assaulted (LEOKA)</p> <p>Valid Codes: I = Individual B = Business F = Financial institution G = Government R = Religious organization S = Society/public L = Law enforcement officer (for LEOKA reporting) O = Other, and U = Unknown</p> <p>NOTE: If "L" is entered then "Type of Activity" and "Type of Assignment" at the end of the Victim Segment must be completed.</p>
26	72-75	4	<p>Age of Victim</p> <p>Only enter if "Type of Victim" is I or L</p> <p>For an exact age use only positions 72-73 (leave 74-75 blank) and enter age in years as 01-98, NN = Under 24 hrs old, NB = 1-6 days, BB = 7-364 days, 99 = over 98, or 00 = unknown; or use positions 72-75 for an age range such as 25 to 30 years (2530).</p>
27	76	1	<p>Sex of Victim</p> <p>Only enter if "Type of Victim" is I or L</p> <p>Valid Codes: M = Male F = Female, and U = Unknown.</p>
28	77	1	<p>Race of Victim</p>

			<p>Only enter if "Type of Victim" is I or L</p> <p>Valid Codes: W = White B = Black I = American Indian/Alaskan native A = Asian, and U = Unknown.</p>
29	78	1	<p>Ethnicity of Victim</p> <p>Only enter if "Type of Victim" is I or L</p> <p>Valid Codes: H = Hispanic origin N = Not of Hispanic origin, and U = Unknown.</p>
30	79	1	<p>Resident Status of Victim</p> <p>Only enter if "Type of Victim" is I or L</p> <p>Valid Codes: R = Resident N = Nonresident, and U = Unknown.</p>
31	80-81	2	<p>Aggravated Assault/Homicide Circumstance (#1)</p> <p>Valid Codes: 01-10, 20-21, and 30-34. (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>
31	82-83	2	<p>Aggravated Assault/Homicide Circumstance (#2)</p> <p>Valid Codes: 01-10, 20-21, and 30-34. (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>
32	84	1	<p>Additional Justifiable Homicide Circumstances</p> <p>Valid Codes: A = Criminal attacked police officer and that officer killed criminal B = Criminal attacked police officer and criminal killed by another police officer C = Criminal attacked a civilian D = Criminal attempted flight from a crime E = Criminal killed in commission of crime F = Criminal resisted arrest G = Unable to determine/not enough information</p>

33	85	1	<p>Type Injury (#1)</p> <p>Valid Codes: N = None B = Apparent broken bones I = Possible internal injury L = Severe laceration M = Apparent minor injury O = Other major injury T = Loss of teeth U = Unconsciousness.</p>
33	86	1	Type Injury (#2) BLANK IF INJURY #1 = N (NONE)
33	87	1	Type Injury (#2) BLANK IF INJURY #1 = N (NONE)
33	88	1	Type Injury (#2) BLANK IF INJURY #1 = N (NONE)
33	89	1	Type Injury (#2) BLANK IF INJURY #1 = N (NONE)
	NOTE		<p>Relationship(s) of victim to offender(s).</p> <p>Enter data elements 34 and 35 only if one or more of the offenses entered into data element 24 (Victim connected to Montana IBR (MTIBR) Offense Code) is a crime against a person, e.g., an Assault Offense, Homicide Offense, Kidnapping/Abduction, Forcible Sex Offense, or Non-forcible Sex Offense. Robbery Offenses also require relationships. Enter the relationship of the victim with up to 10 offenders involved in the incident. Enter each offender's (Offender Sequence Number) into data element 34 (Offender Numbers to be related). Then enter the appropriate relationship code into data element 35 (relationship of victim to offenders).</p>
34	90-91	2	<p>Offender Sequence Number to be related:</p> <p>Enter a number contained in data element 36 of the offense segment (offender sequence number).</p> <p>Valid values: 01-99; or 00 if the only Offender Segment submitted was a dummy Segment. Refer to data element 36 in Offender Segment (Offender Sequence Number) for additional information regarding dummy request.</p>
35	92-93	2	Relationships Victim to Offenders

			Valid Codes: SE, CS, PA, SB, CH, GP, GC, IL, SP, SC, SS, OF, VO, AQ, FR, NE, BE, BG, CF, HR, XS, EE, ER, OK, RU, AND ST. (Refer to <i>Montana Data Elements and Data Values</i> for details).
	94-97	4	Repeat 34-35 / Occurrence #2
	98-101	4	Repeat 34-35 / Occurrence #3
	102-105	4	Repeat 34-35 / Occurrence #4
	106-109	4	Repeat 34-35 / Occurrence #5
	110-113	4	Repeat 34-35 / Occurrence #6
	114-117	4	Repeat 34-35 / Occurrence #7
	118-121	4	Repeat 34-35 / Occurrence #8
	122-125	4	Repeat 34-35 / Occurrence #9
	126-129	4	Repeat 34-35 / Occurrence #10
	NOTE		Enter only offenses that affected the victim. If an offense DID NOT affect this victim, do not enter the offense within data element 24. Every offense MUST have a victim or victims, but every victim may not be affected by all offense within an incident.
24	130-133	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#1) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	134-137	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#2)

			Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	138-141	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#3) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	142-145	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#4) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	146-149	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#5) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	150-153	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#6) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	154-157	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#7) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	158-161	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#8) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	162-165	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#9) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
24	166-169	4	Montana IBR (MTIBR) Offense Code to which the victim was connected. (#10)

			Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
	NOTE		If the victim was a law enforcement officer who was killed or assaulted, the following three data elements must be completed.
25A	170	1	Type of Activity: for LEOKA reporting Valid Codes: (01 - 11) - (Refer to <i>Montana Data Elements and Data Values</i> for details).
25B	171- 172	2	Assignment Type: for LEOKA reporting Valid Codes: (F -L) - (Refer to <i>Montana Data Elements and Data Values</i> for details).
25C	173 - 181	9	ORI - Other Jurisdiction: Valid ORI Codes - (Refer to <i>Montana Data Elements and Data Values</i> for details).

Level 5 - Offender Segment

There is one Offender Segment per offender.

DE = Data Element

RP = Record Position

DL = Data Length

DE	RP	DL	Description
	1-4	4	Leave Blank
	5	1	Segment Level Designates this as an Offender Segment. Valid Code: 5
	6	1	Segment Action Type Valid Code: I
	7-8	2	Month of Media Month of data being processed. (MM / 01-12)
	9-12	4	Year of Media Year of data being processed (YYYY / e.g. 1998)
	13-16	4	Leave Blank
1	17-25	9	ORI Number Valid NCIC ORI number. Example: MT0250100 = Helena P.D.
2	26-37	12	Incident Number Left-justified with blank right-fill. Example: 97-13456
36	38-39	2	Offender (Sequence) Number Valid Values: 01-99; or 00 if nothing is known about the offender. This would be entered in the situation where there were no suspects or witnesses. "00" would <u>not</u> be

			entered in the case where someone was seen running from the crime scene but age, sex, and race were all unknown. If "00" is entered, it would then have to be updated in the event of an arrest for the incident.
37	40-43	4	<p>Age of Offender</p> <p>For an exact age use only positions 40-41 (leave 42-43 blank) and enter age in years as 01-98, 99, 00; or use positions 40-43 for an age range such as 25 to 30 years (2530).</p>
38	44	1	<p>Sex of Offender</p> <p>Valid Codes: M = Male F = Female, and U = Unknown.</p>
39	45	1	<p>Race of Offender</p> <p>Valid Codes: W = White B = Black I = American Indian/Alaskan Native A = Asian, and U = Unknown.</p>

Level 6 - Arrestee Segment

There is one Arrestee Segment per arrestee.

DE = Data Element

RP = Record Position

DL = Data Length

DE	RP	DL	Description
	1-4	4	Leave Blank
	5	1	Segment Level Designates this as an Arrestee Segment. Valid Code: 6
	6	1	Segment Action Type: Always "I" Valid Code: I
	7-8	2	Month of Media Month of data being processed. (MM / 01-12)
	9-12	4	Year of Media Year of data being processed (YYYY / e.g. 1998)
	13-16	4	Leave Blank
1	17-25	9	ORI Number Valid NCIC ORI number. Example: MT0250100 = Helena P.D.
2	26-37	12	Incident Number Left-justified with blank right-fill. Example: 97-13456
40	38-39	2	Arrestee (Sequence) Number Valid values: 01-99
41	40-51	12	Arrest (MANS) Number

			MANS number, Citation number or auto-generated number (left-justified with blank right-fill)
42	52-59	8	Arrest Date In the format of YYYYMMDD
43	60	1	Type of Arrest Valid Codes: O = On-view arrest S = Summoned/cited T = Taken into custody.
	NOTE		For Multiple Clearance Arrest If the apprehension of this arrestee will result in the submission of Arrestee Segments for more than one incident within the jurisdiction served by the reporting agency, enter "C" = Count Arrestee into data element 44 (multiple arrest segment indicator) for the most recent arrest that cleared other incidents. Then enter an "M" = Multiple into data element 44 (multiple arrestee segments indicator) on all previous incidents being cleared by this arrest. If multiple Arrestee Segments are not involved, enter "N" = Not Applicable.
44	61	1	Multiple Arrestee Segments Indicator Valid Codes: C = Count arrestee M = Multiple N = Not applicable.
	62-64	3	Leave Blank (See data element 45 at end of this record to enter the offense code of the arrestees)
46	65-66	2	Arrestee was armed with (#1) Valid Codes: 01 and 11-17 - (Refer to <i>Montana Data Elements and Data Values</i> for details).
	67	1	Automatic weapon (#1) Enter "A" if the weapon entered above is an automatic weapon.

46	68-69	2	<p>Arrestee was armed with (#2)</p> <p>Valid Codes: 01 and 11-17 - (Refer to <i>Montana Data Elements and Data Values</i> for details). If "Arrestee was armed with (#1) is '01', leave blank.</p>
	70	1	<p>Automatic weapon (#2)</p> <p>Enter "A" if the weapon entered above is an automatic weapon</p>
47	71-74	4	<p>Age of Arrestee</p> <p>For an exact age use only positions 71-72 (leave 73-74 blank) and enter age in years as 01-98, or 99, or 00; or use positions 71-74 for an age range such as 25 to 30 (2530).</p> <p>If an age range is entered and the low age is juvenile and the high range is adult and the averaged age (rounded down) is juvenile, it should be in agreement with Date Element 52 (Disposition of Arrestee Under 18).</p>
48	75	1	<p>Sex of Arrestee</p> <p>Valid Codes: M = Male F = Female</p>
49	76	1	<p>Race of Arrestee</p> <p>Valid Codes: W = White B = Black I = American Indian/Alaskan native A = Asian, and U = Unknown.</p>
50	77	1	<p>Ethnicity of Arrestee</p> <p>Valid Codes: H = Hispanic origin N = Not of Hispanic origin, and U = Unknown.</p>
51	78	1	<p>Resident Status of Arrestee</p>

			Valid Codes: R, N, and U.
52	79	1	<p>Disposition of Arrestee Under 18</p> <p>Valid Codes: H = Handled within department R = Referred to other authorities.</p>
	80-110		Leave Blank
	NOTE		<p>Include the 10 most serious Montana IBR (MTIBR) Offense Codes for which an individual is arrested.</p> <p>If a past incident is cleared by an arrest in a more recent incident (Multiple Clearance Arrest), a separate Arrestee segment must be completed for each incident, and only the most serious or primary arrest MTIBR code should be entered in the former incident. The former incident will also be coded with a (M) for the multiple clearance indicator where as the current arrest would be coded as a "C". See (data element 44) Multiple Arrestee Segments Indicator.</p>
45	111-114	4	<p>Arrest MTIBR Offense Code (#1)</p> <p>Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details). This is the primary or most serious offense for which the individual was arrested.</p>
45	115-118	4	<p>Arrest MTIBR Offense Code (#2)</p> <p>Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>
45	119-122	4	<p>Arrest MTIBR Offense Code (#3)</p> <p>Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>
45	123-126	4	<p>Arrest MTIBR Offense Code (#4)</p> <p>Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).</p>
45	127-130	4	<p>Arrest MTIBR Offense Code (#5)</p>

			Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
45	131-134	4	Arrest MTIBR Offense Code (#6) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
45	135-138	4	Arrest MTIBR Offense Code (#7) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
45	139-142	4	Arrest MTIBR Offense Code (#8) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
45	143-146	4	Arrest MTIBR Offense Code (#9) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).
45	147-150	4	Arrest MTIBR Offense Code (#10) Valid Codes: (Refer to <i>Montana Data Elements and Data Values</i> for details).

LEVEL 7 - GROUP B ARRESTS

Montana will collect all segments (1-6) for Group B offenses only when Arrests are included; therefore, all group B offenses should be treated like group A for reporting to MBCC. There will be no Level 7 segment submitted to MBCC. Local law enforcement software should require all segments to be completed rather than just an arrest segment for all Group B Offenses.

Appendices

Appendix A: MTIBR Codes (FBI Reportable)

MTIBR	MCA	UCR	Offense
0111	45-5-102	09A	Homicide, deliberate
0112	45-5-103	09A	Homicide, mitigated deliberate
0121	45-5-104	09B	Homicide, negligent
0122	45-5-106	90D	Vehicular homicide while under the influence
0131	45-5-102	09C	Homicide, justifiable
0211	45-5-503	11A	Sexual intercourse without consent
0212	45-5-503	11C	Sexual intercourse (with object) w/o consent
0213	45-5-503	11B	Sexual intercourse (forcible sodomy) w/o consent
0221	45-5-503	11B	Same-sex forcible rape
0311	45-5-401	120	Robbery
0411	45-5-202	13A	Assault, aggravated - permanent or life threatening injury
0412	45-5-201	13A	Assault, agg. -broken bones, severe laceration, etc.(not perm. or life threat. injury)
0413	45-5-212	13A	Assault on a minor
0414	45-5-213	13A	Assault with a weapon
0415	45-5-214	13A	Assault with bodily fluid
0421	45-5-207	13A	Criminal endangerment
0431	45-5-202	13A	Attempted homicide
0441	45-5-206	13A	Partner or family assault (serious injury)
0451	45-5-205	13A	Negligent vehicular assault (serious bodily injury)
0461	45-5-221	13A	Hate motivated intimidation or harassment
0471	45-5-622	13A	Endangering the welfare of children
0472	45-5-627	13A	Ritual abuse of a minor
0474	20-4-303	13A	Abuse of teachers
0481	45-5-210	13A	Assault, on a peace or judicial officer
0482	52-3-811	13A	Abuse, neglect, or exploit the elderly
0511	45-6-204	220	Burglary, residence
0521	45-6-204	220	Burglary, non-residence
0531	45-6-204	220	Burglary, aggravated
0611	45-6-301	23A	Pickpocket
0621	45-6-301	23B	Purse snatch
0631	45-6-301	23C	Shoplift
0641	45-6-301	23F	Theft of belongings from motor vehicles
0651	45-6-301	23G	Theft of motor vehicles parts and accessories
0671	45-6-301	23D	Theft from buildings
0681	45-6-301	23E	Theft from coin-op machines
0691	45-6-327	23H	Illegal branding or altering or obscuring a brand
0692	45-6-302	23H	Theft of lost or mislaid property
0699	45-6-301	23H	Theft, all others
0711	45-6-301	240	Motor vehicle theft
0713	45-6-308	240	Unauthorized use of motor vehicle

0815	45-5-214	13B	Assault with bodily fluid
0821	45-7-301	13B	Resisting arrest
0825	45-5-201	13B	Assault, simple - with minor injuries (no broken bones or severe lacerations, etc)
0826	45-5-220	13C	Stalking
0827	45-5-208	13B	Negligent endangerment
0828	45-5-206	13B	Partner or family assault (non-aggravated)
0831	45-5-204	13B	Mistreating prisoners
0832	45-8-403	13C	Assault - threat to coerce gang membership
0833	45-7-102	13C	Threats in official and political matters
0834	45-5-211	13B	Assault upon sports official
0835	45-5-203	13C	Assault, by coercion, intimidation, or threat
0871	45-5-622	13B	Endangering the welfare of children
0872	45-5-627	13B	Ritual abuse of a minor
0874	20-4-303	13B	Abuse of teachers
0882	52-3-811	13B	Abuse, neglect, or exploit the elderly
0911	45-6-103	200	Arson
0912	45-6-102	200	Arson, negligent
0913	76-13-124	200	Arson, throwing lighted materials
1011	45-6-325	250	Forgery
1023	45-6-325	250	Counterfeit
1025	23-5-155	250	Counterfeiting or defacing gambling documents
1111	45-6-316	90A	Issuing a bad check
1121	45-6-317	26B	Credit cards
1131	45-6-318	26A	Deceptive business practices
1132	45-6-317	26A	Deceptive practices for financial gain
1133	45-6-315	26A	Defrauding creditors
1141	45-6-305	26A	Theft of labor or services or use of property
1142	45-6-307	26A	Avoidance of telecommunication charges
1143	45-6-332	26C	Theft of Identity, fraud
1151	45-6-301	26D	Welfare fraud
1152	45-6-312	26D	Unauthorized acquisition/transfer of food stamps
1153	45-6-313	26D	Medicaid fraud
