

MTIBRS "Tip" of the Month

How do I enter a "school" when it is a Victim of a crime?

For example: an Incident involves Vandalism of a school by two teenage students.

Allowable Victim codes are:

I - Individual	B - Business
F - Financial Institution	G - Government
L - Law Enforcement Officer	R - Religious Organization
S - Society	O - Other
U - Unknown	

- ⇒ If it is a public school the Victim Type is "G, Government". FBI guidelines for a Government Victim includes local, county, state, and Federal government.
- ⇒ If it is private school (receives no support from taxpayers), it could be listed as "B, Business" or "R, Religious Organization" depending on the type of school.
