When a vehicle is vandalized what Property Description should be used?

What Property Description should be used if a pull camp trailer, construction trailer, ATV, etc. is vandalized?

It is preferred that the type of motor vehicle be the reported property description not 38, Vehicle parts/accessories when this type of offense occurs.

Choose from the following Property Descriptions that "best" fits your scenario.

03 = Automobiles (any passenger vehicles designed for operation on ordinary roads and typically having four wheels and a motor, with the primary purpose of transporting people other than public transportation. Includes sedans, taxicabs, minivans, sport utility vehicles, limousines, and other similar motor vehicles.)
