

## MTIBRS "Tip" on reporting Crime Data

### **What offense code do I use for Rape when the Victim & Offender are the same sex?**

If you select MTIBRS offense code 0211, Sexual intercourse without consent, MCA 45-5-503, UCR code 11A Rape an error will occur.

It will read as:

#560 - VICTIM'S SEX CANNOT BE SAME FOR ALL OFFENDERS FOR OFFENSES OF RAPE.

Sex of at least one offender must differ from sex of the victim with MTIBRS Offense Code 0211, Sexual intercourse without consent, UCR code 11A = Rape. Unknown sex is not allowed.

The correct MTIBRS offense code is 0221, Same-sex forcible rape, MCA 45-5-503. MBCC has mapped it to the UCR code 11B, Sodomy which will not create this error.
