MBCC Events Calendar

Dear Meaghan,

A new funding opportunity will be released by the Montana Board of Crime Control (MBCC) on Monday, October 18th.

The Delinquency Prevention Program (DPP) is designed to prevent delinquency among at-risk youth in rural and/or impoverished areas using restorative justice interventions, coordination of care, and mentoring. Units of local government (cities, counties, and school districts) are eligible to apply. These agencies may subaward or contract with other local organizations to implement the program. MBCC anticipates awarding a total of about \$895,000 to two applicants.

MBCC will host two webinars prior to the release date to provide information about the program and answer questions. The first webinar will begin on Thursday, September 23rd at 2:00 p.m. and the second webinar will be held on Wednesday, October 6th at 9:00 a.m.

The presentation has been pre-recorded and posted on the MBCC website under 2022 Delinquency Prevention Program (DPP) at https://mbcc.mt.gov/Funding/Grant-Offerings/. The program manager, Rachel Gemar, is available to answer questions prior to the funding opportunity release date on October 18th. Please send your questions via email to Rachel.Gemar@mt.gov or call (406) 444-2056.

Sincerely,

Montana Board of Crime Control mbcc@mt.gov (406) 444-3604

Submitting a Proposal that Gets Funded

Answering the Questions:

➤ What is the problem?

➤ How will you fix it?

➤ How will funds from MBCC help you?

Organize Responses based on Section Descriptions

Response - 4. Needs Statement

Identify the problem(s) to be addressed and validate the need for the proposed program and services. Include current regional or community and statewide data that is less than 5 years old to justify the grant request. The date range of the data must be identified.

Needs Statement

Identify the problem: This project addresses the need for leadership and empowerment programming for girls and gender diverse youth. Adolescent girls are more likely to engage in risky behavior that leads to truancy, suspension, expulsion, and delinquency. When other factors like poverty, homelessness and issues of race and gender diversity are added in, these risk factors increase even more. ABC Agency's leadership and empowerment program, PROGRAM (Girls Using Their Strengths) follows both Trauma-Informed and Positive Youth Development models to create a safe and welcoming environment regardless of race, religion, gender identification, sexual orientation, or disability. This sets the stage for PROGRAM staff and volunteers to help participants build their confidence, explore important issues, develop strong and healthy relationships, practice leadership skills, learn about the environment and the world, laugh, play, and have fun.

PROGRAM also addresses the many disparities facing American Indian girls and gender diverse youth. PROGRAM has worked hard for several years to develop the community connections and capacity to operate a PROGRAM group in Arlee that is both culturally appropriate and community originated. This is particularly important because in Montana, American Indian students are predominantly marginalized, and often have little to no curriculum experience with educators who share their cultural heritage. To this end, PROGRAM contracted with Charleena Penama, a Salish educator, to create 'Holders of Tradition', a culturally based empowerment program for both reservation and urban American Indian communities. Likewise, gender diverse youth experience elevated risk for poor health and academic outcomes due mainly to social experiences of stigma and discrimination. Gender diverse youth are diagnosed with depression and anxiety at rates that surpass cisgender peers and experience up to three times the rate of suicidal ideation, non-lethal self-harm, and suicide attempts as cisgender youth. By expanding programming to be inclusive to American Indian girls and gender diverse youth specifically, PROGRAM addresses this disparity and helps build protective factors that prevent these youths from entering the juvenile justice system.

PROGRAM addresses these needs by providing a community-based leadership and empowerment program for girls and gender-diverse youth, ages 9 to 18. PROGRAM encourages young people to explore personal values and discover their strengths through after-school groups and service projects during the academic year, as well as through wilderness adventures in the summer. The Summer Outdoor Adventures are led by qualified volunteers and summer VISTA instructors. The focus of the summer trips is to help participants build strengths, self-confidence, and cultivate their appreciation for the natural world in an environment free from societal pressures. Summer outdoor adventures incorporate several outdoor skills such as backpacking, canoeing, faming and biking while introducing participants to the PROGRAM leadership method. During the school year, weekly Action Groups, let by volunteer facilitators give participants the chance to learn and practice leadership skills in their homes, schools and communities. These groups take place during the lunch hour and after school, and discuss topics ranging from healthy relationships and body image to long-term goals and values. Groups develop and complete an action project each school year, providing them with the opportunity to utilize their individual skills to produce real results in their lives.

Validate the need for PROGRAM: The idea for this program germinated more than twenty years ago through the insight of a ABC Agency volunteer with our domestic violence program. As she worked directly with women to help usher thermometer crisis to recovery and stability, she was struck not just by the incredible strength that these survivors possessed to leave their abusers and start their lives over, but by the fact that these women did not recognize their own strengths. She often thought that if she could go back in time and reach these women when they were still girls, she could help them discover how strong they actually were. And that if this could be accomplished, the course of these women's lives could be altered for the positive. Ultimately, that idea came to life in the form of the program.

After 23 years of operation, PROGRAM remains a highly popular program for youth from diverse ethnic and socioeconomic backgrounds. The popularity of PROGRAM throughout Missoula and surrounding rural areas is due in part to the program's relevance to today's youth, and in part to the positive results in participating students as observed by parents and school professionals. Through ABC Agency's work with domestic and sexual violence survivors, and homeless families, we have many participants who have experienced personal trauma. PROGRAM also acquires participants from our strong community partners in each of the five local school districts. This broad reach gives us the unique opportunity to blend otherwise stratified communities in small groups across Missoula. Through in-school, after school and summer programming PROGRAM brings all participants together in a shared journey to empowerment. PROGRAM challenges all participants to embrace diversity, remain open-minded, and advocate for themselves and others.

Proofreading

Developing a proofreading strategy can greatly improve the quality of your federal grant application.

Consider asking your early proofreaders to focus on macro issues, such as the organization of narrative sections or the logical flow within your application narrative. Even if your proposal is not completely ready, you can still have your designated proofreaders review some sections of the proposal. Use spell & grammar check tools.

Final Steps

- Grade yourself
- •Have someone not directly related to your program review the application to ensure it is clear.
- ■Put yourself in the shoes of the reviewers.

The percentages for scoring on this page subject to change prior to the release of the opportunities.

Scoring

Applications will be scored for responsiveness to the program scope and the requirements of this opportunity. The following scoring criteria will be used to evaluate each application, with different weight given to each, based on the percentage value listed:

- ➤ Budget Template and Budget Narrative 20% of 100
- Executive Summary 5% of 100
- Needs Statement 25% of 100
- Strategy 10% of 100
- Performance Plan 10% of 100
- > Implementation Plan 15% of 100
- > Evaluation Plan 5% of 100
- Collaboration Plan 5% of 100
- Sustainability Plan 5% of 100

Scoring cont.

- •Any application failing to achieve 60% of the total available points will be recommended for elimination from further consideration.
- ■For applications that have received the 60% minimum score, the ARC will provide recommendations to the MBCC Board of Directors for final funding decisions/awards.
- •Funding will be recommended based on availability of funding, Board priorities and funding criteria, and not solely on basis of highest application score. Applicants will receive written notice of the ARC recommendation.

- ➤ Contractual if you have a quote for the contract, you could add that or include an existing contract (Accounting services or consultant)

Post-Award Budgets

- ➤ Personnel use names only for the project director if applicable. Separate personnel into two categories Programmatic and Administrative. Remember that if administrative personnel cost is added, should not be above 10%.
- Simplify all other lines as much as possible, but make sure that supplies, others, travel, and contractual are still separate categories.
- >If you have programmatic and admin supplies, please separate these.

MATCH:

Match and Matching Share

Match or matching share is the non-federal share of costs that coordinating (sub-recipient) entities, or their partners contribute to accomplish goals/purposes identified in work plan and budget.

Two Types:

- 1. Cash (goods/items you pay for)
 - *Employees wages
 - *Supplies
 - *Equipment
 - *Services/contracts
- 2. In-kind (goods/items you don't pay for)
 - *Volunteers/Donated services
 - *Donated supplies/materials
 - *Donated Rent

Requirements

- •Are documented and verifiable in your records (Donated items very rarely end up in accounting ledgers so some other type of record is acceptable);
- •Are NOT included as match contributions for any other Federal award (i.e., if you have already used funds to match another federal grant, they cannot also be applied towards heritage area activities);
- •Are necessary and reasonable (i.e., do not exceed what a prudent person would do under the circumstances at the time of the decision was made to incur the cost) for accomplishment of THE project or program objective;
- Are allowable according to Subpart E—Cost Principles (§200.420 .475);
- Are not paid by the Federal Government under another Federal award, except where Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- •Are not Federal time, space or resources (i.e., do not count Federal employee, intern or volunteer time as your match, and do not count the use of Federal facilities or other resources as your match);
- •Are provided for in your approved budget.

Calculate Match

Project Cost	X	Federal %	=	Share
\$100,000	X	80%	=	\$80,000

Project Cost	X	Match %	=	Match Share
\$100,000	X	20%	=	\$20,000

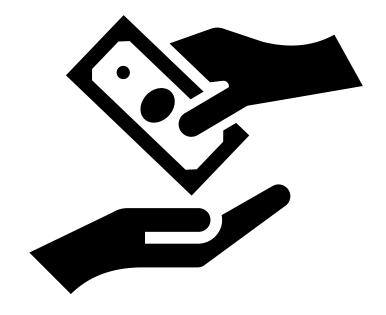

Calculate Match: When the federal share has not been fully expended.

Federal share Funds expended	/	Federal %	X	Match %	=	Match Required
\$75,000	/	80%	X	20%	=	\$18,750

EMPLOYEE COMPENSATION

Reporting Requirements for Employee Compensation

2 CFR 200.430

§ 200.430 Compensation - personal services.

- (a) General. Compensation for personal services includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in § 200.431. Costs of compensation are allowable to the extent that they satisfy the specific requirements of this part, and that the total compensation for individual employees:
 - Is reasonable for the services rendered and conforms to the established written policy of the non-Federal entity consistently applied to both Federal and non-Federal activities;
 - (2) Follows an appointment made in accordance with a non-Federal entity's laws and/or rules or written policies and meets the requirements of Federal statute, where applicable; and
 - (3) Is determined and supported as provided in paragraph (i) of this section, when applicable.
- (b) Reasonableness. Compensation for employees engaged in work on Federal awards will be considered reasonable to the extent that it is consistent with that paid for similar work in other activities of the non-Federal entity. In cases where the kinds of employees required for Federal awards are not found in the other activities of the non-Federal entity, compensation will be considered reasonable to the extent that it is comparable to that paid for similar work in the labor market in which the non-Federal entity competes for the kind of employees involved.

- 9 subsections
- Section A through F are the framework for charging costs
- Section G and H are entity specific provisions (nonprofit and IHEs)
- •Section I is the standards for documentation of personnel expenses.

2 CFR 200.430 requires non-federal entities to maintain records that "accurately reflect the work performed"

- Reasonable assurance that the time is being charged is accurate, allowable, and properly allocated.
- Incorporated in the official records, such as payroll records
- Reasonably reflect the employee's total activity

2 CFR 200.430 requires non-federal entities to maintain records that "accurately reflect the work performed" (Continued)

- ➤ Provide a time or percentage breakdown on all activities, both Federally funded and non-Federally funded, for the employee.
- Comply with the non-federal entity's preestablished accounting practices and procedures.

Uniform Guidance:

• Non-Federal Entity must account for the time an employee spends on each job-related activity.

• Maintain reasonableness of the compensation of the position that is federally funded.

Time sheet examples available on the MBCC website: https://mbcc.mt.gov/Funding/Forms

Acceptable Personnel Backup Documentation

- ➤ Time record approved by supervisor manual timesheets or printout of computerized record keeping (samples on MBCC website).
- ➤ Payroll Summary Report for the reporting period generated by your accounting system. Excel spreadsheets calculating payroll are not acceptable. Protect Personal Identifiable Information (PII) if visible on that report.
- ➤ Paid out for personal time off for departing employee is allowable only for the accrued time off during the project period. Entity's personal time policy needs to be included.

Example: It is XYZ entity's policy that every employee accrue 8 hours of PTL per month.

Employee 1 is departing and has 120 PTL hours. The employee has worked 50% of their time for 5 months on that project. During that time, this employee has taken 14 hours of PLT. The award could pay:

(5X8-14)X 50% = 13 hours paid out time

Travel Reimbursement

State rates for mileage, per diem, and lodging are maximum amounts that can be charged to subgrants funded by MBCC.

Mileage rate effective 07/01/2022: \$0.625 cents per mile

Meals Allowance:	In-State	Out-of-State
Morning Meal (12:01AM-10:00AM)	\$7.50	\$13.00
Midday Meal (10:01AM-3:00PM)	\$8.50	\$15.00
Evening Meal (3:01PM-12:00AM)	\$14.50	\$26.00
	\$30.50	\$54.00

In order to claim reimbursement for a meal, you must be in a travel status for more than 3 continuous hours within one of the time ranges. To receive the morning meal, you must leave before 7:00AM and to receive the evening meal you must return after 6:01PM.

The lodging rate is available online through the following location: <u>Per Diem Rates | GSA</u>
Grant funds may not be used to pay for out of state travel without prior approval from MBCC (<u>Request for Program Related Out-of-State Travel Procedure (mt.gov)</u>).

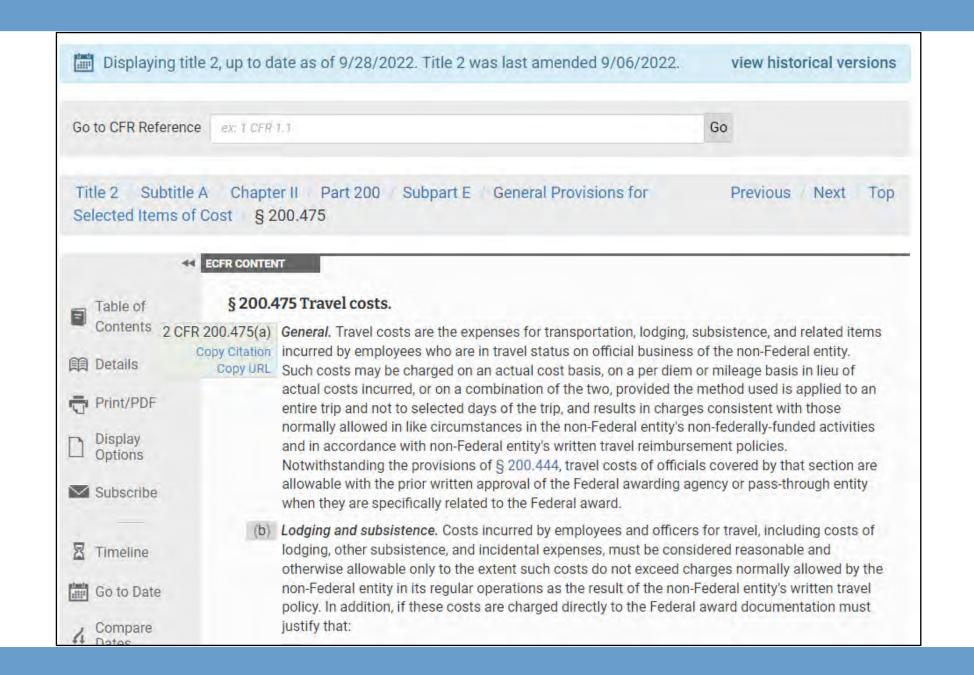

Grant funds may not be used to pay for out-of-state travel without prior approval from MBCC.

Grant funds cannot be used for costs and fees associated with cancelation or changes to travel, (i.e. Airline, hotels, registration, etc.) unless approved by MBCC.

Reimbursement for lodging without a receipt will be \$12.00.

Allowable expenses include emergency working supplies, taxi fares, and business telephone calls. Paid receipts must support individual expense items of \$25.00 or more.

(e) Commercial air travel.

- Airfare costs in excess of the basic least expensive unrestricted accommodations class offered by commercial airlines are unallowable except when such accommodations would:
 - (i) Require circuitous routing;
 - (II) Require travel during unreasonable hours;
 - (III) Excessively prolong travel;
 - (IV) Result in additional costs that would offset the transportation savings; or
 - (v) Offer accommodations not reasonably adequate for the traveler's medical needs. The non-Federal entity must justify and document these conditions on a case-by-case basis in order for the use of first-class or business-class airfare to be allowable in such cases.
- (2) Unless a pattern of avoidance is detected, the Federal Government will generally not question a non-Federal entity's determinations that customary standard airfare or other discount airfare is unavailable for specific trips if the non-Federal entity can demonstrate that such airfare was not available in the specific case.
- (f) Air travel by other than commercial carrier. Costs of travel by non-Federal entity-owned, -leased, or -chartered aircraft include the cost of lease, charter, operation (including personnel costs), maintenance, depreciation, insurance, and other related costs. The portion of such costs that exceeds the cost of airfare as provided for in paragraph (d) of this section, is unallowable.

Per Diem Look-Up for National Rates for Out of State Travel

Using Privately Owned Vehicles for travel purposes

Montana Operations Manual- POL Employee Travel, Lodging Rates, Mileage Reimbursement, & Meal Allowances

Mileage Reimbursement Rates

I. Purpose

This policy provides the current mileage reimbursement rates for official state travel allowed under <u>2 - 18 - 503</u>, MCA.

C. Traveler is Not a State Employee

A traveler who is a member of the legislature, juror, witness, county agent, or any person except a state employee, is entitled to collect mileage at the standard IRS rate of 62.5 cents per mile for the first 1,000 miles traveled in a calendar month (High Rate). For each mile driven over 1,000 miles in a calendar month they are entitled to 59.5 cents per mile (Low Rate).

https://doa.mt.gov/employee-travel

IV. Determination of Meal Allowance

A. Travel Shift

Section 2-18-502 (3), MCA, defines "travel shift" as beginning one hour before and ending one hour after an employee's regular scheduled work shift. An employee may claim only one meal (midday) if travel takes place within their assigned travel shift. An employee is entitled to two meal allowances during a 24-hour calendar day if they depart within their travel shift but return outside the shift; or depart before their assigned travel shift and return during the travel shift.

When travel is totally outside the employee's travel shift, eligibility for a meal allowance is governed strictly by the time ranges for each meal.

For example, if an employee travels to Billings from Helena and leaves at 5:00 a. m. to attend a 9:00 a. m. meeting that lasts until 5:00 p. m., then returns to Helena at 9:00 p. m., and their normal working hours are 8:00 a. m. to 5:00 p. m., they are entitled to all three meals since they are in a travel status for more than three continuous hours in each of the time ranges referenced in B below, and their travel status covers their entire travel shift.

B. Time Ranges

The time ranges determining eligibility for meal allowances are established in 2-18-502 (1), MCA. To claim an allowance for a meal, an employee must be in travel status for more than three continuous hours within one of the following time ranges:

<u>Time Range</u> <u>Meal Allowed</u>

12:01 a. m. to 10:00 a. m. Morning Meal
10:01 a. m. to 3:00 p. m. Midday Meal
3:01 p. m. to midnight Evening Meal

Each time range must be considered separately when applying the more-than-three-continuous-hour rule. More than three continuous hours in any one time range is at least 181 minutes.

For example, if an employee regularly works 8:00 a.m. to 5:00 p.m., their qualifying travel shift begins at 7:00 a.m. and ends at 6:00 p.m. If they travel from 7:00 a.m. to 2:00 p.m., they receive a meal allowance only for the midday meal, because the midday mealtime range is the only range where they are in a travel status for more than three continuous hours. Their travel status is one minute short of meeting the time range requirement for the morning meal. If they start their travel status no later than 6:59 a.m., they meet the requirements of the more-than-three-continuous-hours rule for the morning meal as well, as they are traveling during this period for 181 minutes (180 minutes equals three hours). They also satisfy the travel shift requirement for reimbursement of two meals by leaving before the start of their travel shift and returning within their travel shift.

An employee cannot claim a meal allowance if they stop to eat, and because of the stop, extend their travel shift into the next allowed mealtime range. By stopping they have artificially extended their travel into the next time range and this will result in denial of any claim for that range's meal allowance.

For example, consider an employee with regular work hours of 8:00 a.m. to 5:00 p.m. that leaves Helena at 8:00 a. m. to attend a meeting in Butte at 9:00 a.m. The meeting ends at 4:00 p.m. and, if the employee heads immediately back to Helena, they can be home by 5:30 p.m. They are in a travel status for 2½ hours in the evening mealtime range – which is not long enough to qualify them for the evening meal. Suppose the employee chooses to stop for dinner before returning to Helena, and does not reach home until 6:30 p.m. They are in a travel status for 3½ hours in the evening mealtime range (from 3:00 p.m. to 6:30 p.m.) but the unnecessary stop for an early dinner was what caused the employee to be later than expected in returning to Helena. This voluntary act postponed their return to Helena and could have been avoided. A claim for an evening meal reimbursement for this trip will be denied.

Required documentation for travel reimbursement:

- > Travel document approved by the supervisor that includes time of departure and arrival
- ➤ Conference agenda if applicable
- Hotel receipts
- > Transportation receipts (airline tickets, taxi, Uber, Lyft)
- > Tips are not an allowable reimbursement cost

Other Budget Items to Discuss

Contractual Expenses

- Include your monthly invoice for contracted services, and please make sure to use the appropriate allocation method if the services provided are for multiple projects
- ☐ If 100% of the service are allocated on one project, include the justification
- Follow the special conditions in your grant for your procurement policy or state procurement policy

Subrecipients with no procurement policies

Subrecipients that do not have established procurement policies and procedures must use the established State of Montana procurement process. If a subrecipient chooses to use the State procurement policy, it must be documented within the subrecipient's own policies. The procurement guide, forms and templates are located at the following: https://spb.mt.gov/Procurement-Guide. Below is the value threshold for the types of purchases or contracts used.

Small Purchases: Less than or equal to \$5,000; simple market research. Choose technique that best meets subrecipient needs. Follow prudent purchasing practices (competitive quotes where practical).

Limited Solicitation: Purchases greater than \$5,001 - \$25,000 for services, or up to \$50,000 for supplies. Must be documented using the Limited Solicitation form. Must be awarded to the lowest acceptable quote if cost is the only consideration.

Formal Bids & Proposals: Over \$25,001 for services, or over \$50,001 for supplies.

Note: All values are based on total contract value

Example: Subrecipient enters into a 2-year service agreement for \$4,000 a year. This agreement constitutes a total contract value of \$8,000 and would have to go through the limited solicitation process.

2. Applicability of Part 200 Uniform Requirements

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements in 2 C.F.R. Part 200, as adopted and supplemented by DOJ in 2 C.F.R. Part 2800 (together, the "Part 200 Uniform Requirements") apply to this FY2022 award from OJP.

The Part 200 Uniform Requirements were first adopted by DOJ on December 26, 2014. If this FY 2022 award supplements funds previously awarded by OJP under the same award number (e.g., funds awarded during or before December 2014), the Part 200 Uniform Requirements apply with respect to all funds under that award number (regardless of the award date, and regardless of whether derived from the initial award or a supplemental award) that are obligated on or after the acceptance date of this FY 2022 award.

For more information and resources on the Part 200 Uniform Requirements as they relate to OJP awards and subawards ("subgrants"), see the OJP website at https://oip.gov/funding/Part200UniformRequirements.htm.

Record retention and access: Records pertinent to the award that the recipient (and any subrecipient ("subgrantee") at any tier) must retain - typically for a period of 3 years from the date of submission of the final expenditure report (SF425), unless a different retention period applies - and to which the recipient (and any subrecipient ("subgrantee") at any tier) must provide access, include performance measurement information, in addition to the financial records, supporting documents, statistical records, and other pertinent records indicated at 2 C.F.R. 200.334.

In the event that an award-related question arises from documents or other materials prepared or distributed by OJP that may appear to conflict with, or differ in some way from, the provisions of the Part 200 Uniform Requirements, the sub-recipient is to contact MBCC promptly for clarification. [ML2]

Equipment purchases require competitive bids

Subgrantee must obtain competitive bids for equipment and awards should be let to the lowest bidder. For equipment costing more than \$5,000.00, bids must be written and copies submitted with quarterly financial reports, If other than the lowest bid is accepted, a full justification must be submitted to the Board of Crime Control, IML61

Award is conditional upon availability of funds

This grant award is conditional upon availability of government funds and may be reduced at any time due to budget reductions. [ML10]

5. Personnel time and attendance records

Applicant must maintain time and attendance records to support personnel costs associated with grant project ML121
