LAW ENFORCEMENT PERSONNEL OVERVIEW

Annually the Montana Board of Crime Control conducts a survey regarding manpower of the state's local law enforcement agencies. The survey is used to gather information about the type and number of personnel employed by these law enforcement agencies as of October 31 of that year.

The law enforcement agencies include Police Departments, county Sheriffs' Offices, State Agencies whose employees have the power of arrest, Tribal Law Enforcement Agencies, University Security Forces and Airport Securities. Not included in the survey are federal employees working in Montana (i.e. Federal Bureau of Investigation, Drug Enforcement Agency and Border Patrol.)

A total of 130 law enforcement agencies responded to the 2005 survey. Information for three agencies was not available. A total of 128 law enforcement agencies responded to the 2006 survey. Information for five agencies was not available.

The Board of Crime Control would not be able to present this information if it were not for the cooperation of these law enforcement agencies. The effort and time that went into completing the survey are greatly appreciated.
