2010 LAW ENFORCEMENT PERSONNEL

The Montana Board of Crime Control (MBCC) conducts an annual personnel survey of the state's law enforcement agencies. The survey is used to determine the number and type of personnel employed by Montana law enforcement agencies as of October 31 of that year.

The law enforcement agencies include police departments, county sheriffs' offices, state agencies whose employees have the power of arrest, Tribal law enforcement agencies, university police, and airport securities. Federal employees working in Montana i.e. Federal Bureau of Investigation, Drug Enforcement Agency, and Border Patrol are not included in the survey.

A total of 126 law enforcement agencies responded to the 2010 survey. Information for six agencies (Hardin and Broadus Police Departments; Division of Criminal Investigation – DOJ and Department of Livestock; Logan International and Missoula County Airports) was not available. The MBCC would not be able to present this information if it weren't for the cooperation of these law enforcement agencies. The effort and time that went into completing the survey are greatly appreciated.

Sworn officers are those with the power to make arrests. A sworn officer may be either a staff or line officer. Staff officer functions are primarily administrative, while a line officer basically provides direct services. Civilian employees in sheriffs' offices and police departments typically include the detention officers, dispatchers, records personnel, and office staff. They do not have powers of arrest. Part-time law enforcement officers have the same powers as full-time officers. Reserve personnel are part-time volunteer members of a law enforcement agency. The appointing authority has control of a reserve officer's scope of authority.

An estimated total population of 989,415 for 2010 was used to calculate the statewide rate per capita. This population includes police departments and county sheriffs' offices. The United States Department of Justice, Federal Bureau of Investigation, provides this estimated population. An additional 33,042 was used to account for University of Montana and Montana State University students. Family members of students living in university housing are included.
