MTIBRS Training & Technical Assistance

"JUST THE FACTS"

Location…location…location

Location basics

▶ Same Time and Place: The time interval between the offenses and the distance between the locations where they occurred were insignificant.

▶ Time: An unbroken Time period

▶ Place: Same or adjoining locations

▶ Enter only one location for each offense.

▶ Use the location where the offense was initiated

▶ Location that best describes the circumstances of the crime

• These are just the basics of the location type field.

FBI Standard Location Types

- Abandoned/Condemned Structure
- Air/Bus/Train Terminal
- Amusement Park
- Arena/Stadium/Fair Grounds/Coliseum
- ATM Separate from Bank
- Auto Dealership New/Used
- Bank/Savings and Loan
- Bar/Night Club
- Camp/Campground
- Church/Synagogue/Temple/Mosque
- Commercial/Office Building
- Community Center
- Construction Site
- Convenience Store
  - *Cyberspace*
- Daycare Facility
- Department/Discount Store
- Dock/Wharf/Freight/Model Terminal
  - *Doctor's Office*
- Farm Facility
- Field/Woods
- Gambling Facility/Casino/Race Track
- Government/Public Building
- Grocery/Supermarket
- Highway/Road/Alley/Street
- Hotel/Motel
- Industrial Site
- Jail/Prison/Penitentiary/Corrections Facility
- Lake/Waterway/Beach
- Liquor Store
- Military Installation
  - *Other/Unknown*
- Park/Playground
  - *Parking Lot/Drop Lot/Garage*
- Rental Storage Facility
- Residence/Home
- Rest Area
- Restaurant/Cafeteria
  - *School-College/University*
- Service/Gas Station
- Shelter-Mission/Homeless
- Shopping Mall
- Specialty Store
- Tribal Lands

- Cyber space: this is becoming more popular with increasing use of computers or the internet for fraud, theft etc. The FBI has not caught up with this yet and still will not allow theft via cyberspace. Previous FBI UCR Trainers advised us to use the location of the device was when the crime occurred… ie: coffee shop, home, etc. Other is also acceptable.
- Doctor's office – we'll talk more about this in the next slide so stick that type in your memory bank.
- Other unknown – We will be culling cases using this location type each year to identify if a new location type would be beneficial. Examples of those types of locations are identified in the next slide. We will try to keep the number using this location type down to a minimum to make data more useable.
- Parking lot – apparently the FBI definitions see these differently than we do in MT. Very few parking lots or structures exist in MT. If a crime occurs in the parking lot of a restaurant or store, use that specific type of location vs parking lot.
- Schools – we'll talk about these in the next slide as well.

New Location Types Added for XML

- **Crimes against Healthcare Workers**
  - Drug Store
  - Emergency services mobile (EMT)
  - Hospital
  - Pharmacy/Drug Store

- **Crimes against later in life adults**
  - Residence: Apartment/Condominium
  - Residence: Assisted Living/Nursing Home

- **Bullying and School offenses**
  - School-alternative
  - School-grade
  - School-high
  - School-middle
  - School-pre-school

- **Other new location types**
  - Marijuana dispensary
  - Marijuana sales/home
  - Gym/Health Club
  - Pre-release facility
  - Religious Facility

HCW: We've added fields to help us get a better handle on crimes against healthcare workers – who are they happening to, where and what if any drugs were involved. You'll now see on the offender, victim and arrestee forms (depending on your vendor perhaps any person associated with the case) a new field labeled something like person was healthcare worker/educator or legal representative. If healthcare worker is selected, we will pay particular attention to the following new location types. All of these have been identified as locations that put healthcare workers at risk of violent crimes, particularly for those seeking drugs.

Crimes against later in life adults: Our Later in Life Adult Abuse grant identified a number of changes that will help us to better identify victims and abusers of LILA crimes. In addition, it is important to identify how many of these offenses are happening in their own home, or in a congregate living environment.

Education and bullying: whether student on student, teach on student or student on teacher – getting a better handle on where these crimes are occurring (are they moving into the grade schools?), who is involved, and are drugs/alcohol/computer or phone associated with the offenses. The old schools codes have been or will be revised in your RMS when you go XML and will be replaced with these 5 school types – to include school college/university.

These new location types were identified through the other location type field. Each January we have the opportunity to update these location types to add new, revise or remove types as agencies see fit.

4

Cyberspace & Theft

Data Element 9 (Location Type) of 58 = Cyberspace can only be entered when Data Element 6 Offense Code is one of the violations listed below:

210 = Extortion/Blackmail
250 = Counterfeiting/Forgery
270 = Embezzlement
280 = Stolen Property Offenses
290 = Destruction/Damage/Vandalism of Property
370 = Pornography/Obscene Material
510 = Bribery
26A = False Pretenses/Swindle/Confidence Game
26B = Credit Card/Automated Teller Machine Fraud
26C = Impersonation
26D = Welfare Fraud
26E = Wire Fraud
26F = Identity Theft
26G = Hacking/Computer Invasion
26H = Money Laundering*
39A = Betting/Wagering
39B = Operating/Promoting/Assisting Gambling
39C = Gambling Equipment Violations
13C = Intimidation
35A = Drug/Narcotic Violations
35B = Drug Equipment Violations
520 = Weapon Law Violations
521 = Violation of National Firearm Act of 1934*
526 = Explosives*
64A = Human Trafficking, Commercial Sex Acts
64B = Human Trafficking, Involuntary Servitude
40A = Prostitution
40B = Assisting or Promoting Prostitution
40C = Purchasing Prostitution

As Kathy mentioned, the FBI are a bit behind the times in regard to Cyberspace and Theft. These are currently the only crimes where the location of Cyberspace can be utilized. As you can see, the only "theft" listed is Identity Theft, which is rampant these days unfortunately.

Upcoming Training

▶ April 12: Society Crime Victims

▶ April 26: Drug Data Collection Updates

▶ May 10:   Victim to Offender Relationships Enhancements

▶ https://mbcc.mt.gov/Data/MTIBRS-Training

▶ Do you have suggestions for future session topics? We'd love to hear them! Please email your ideas to MBCCdata@mt.gov

LOCATION TYPE

Enter only one location for each offense.

Use the location where the offense was initiated and best describes the circumstances of the crime.

LOCATION TYPE 1

Valid Data Value	Data Value Includes
01 = Air/Bus/Train Terminal	airports; bus, boat, ferry, or train stations and terminals.
02 = Bank/Savings and Loan	financial institutions, whether in a separate building or inside of another store. Note: This data value does not include payday-lender type businesses (see data value 24).
03 = Bar/Nightclub	establishments primarily for entertainment, dancing, and the consumption of beverages.
04 = Church/Synagogue/ Temple/Mosque	buildings for public religious activities, meetings, or worship.
05 = Commercial/Office Building	establishments that pertain to commerce and trade.
06 = Construction Site	all buildings/locations that are under some type of construction.

LOCATION TYPE 2

Valid Data Value	Data Value Includes
07 = Convenience Store	establishments primarily for convenience shopping, e.g., stores that include the sale of other items as well as gasoline.
08 = Department/Discount Store	establishments that are considered department stores and that sell a wide range of goods, etc. Note: LEAs should use the data value that best describes the location in question.
09 = Drug Store/Doctor's Office/Hospital	medical supply companies and buildings; stores that are primarily considered pharmacies; veterinary practices, veterinary hospitals, and medical practices.
10 = Field/Woods	areas that are primarily open fields or wooded areas. Note: This data value does not include parks.

LOCATION TYPE 3

Valid Data Value	Data Value Includes
11 = Government/Public Building	buildings primarily used for local, state, or federal offices or public businesses.
12 = Grocery/Supermarket	establishments primarily used for buying selling food items, etc.
13 = Highway/Road/Alley/Street/Sidewalk	open public ways for the passage of vehicles, people, and animals.
14 = Hotel/Motel/Etc.	when temporary lodging of transients is the main purpose. Note: This data value does not include campgrounds or recreational vehicle parks.
15 = Jail/Prison/Penitentiary/Corrections Facility	places for the confinement of persons in lawful detention or awaiting trial.

LOCATION TYPE 4

Valid Data Value	Data Value Includes
16 = Lake/Waterway/Beach	shorelines, lakes, streams, canals, or bodies of water other than swimming pools.
17 = Liquor Store	establishments primarily used for buying selling selling alcoholic beverages.
18 = Parking/Drop Lot/Garage	areas primarily used for parking motorized vehicles and/or trailers, usually but not always commercial in nature. A garage that is attached to or detached from a residence should be reported as residence as a more specific location.
19 = Rental Storage Facility	any mini-storage and/or self-storage buildings.

LOCATION TYPE 5

Valid Data Value	Data Value Includes
20 = Residence/Home	apartments, condominiums, townhouses, nursing homes, residential driveways, residential yards; extended/continuous care facilities. Note: This data value refers to permanent residences.
21 = Restaurant	any commercial establishments that serve meals or refreshments; cafeterias.

LOCATION TYPE 6

Valid Data Value	Data Value Includes
22 = School	*Institutions for the instructions of children from preschool through 12th grade and institutions for the higher education of individuals, which gives instruction in specialized fields; community colleges; trade schools.* *Note: This data value was replaced by the following new location codes and is to be used only by LEAs that have not adopted the new codes:* *52 = School – College/University 53 = School – Elementary/Secondary*
23 = Service/Gas Station	establishments where motor vehicles are serviced and gasoline, oil, etc., are sold.

LOCATION TYPE 7

Valid Data Value	Data Value Includes
24 = Specialty Store	fur stores, jewelry stores, music stores, dress shops, and clothing stores, etc.; payday-lender type businesses.
25 = Other/Unknown	any location that does not fit one of the other defined data values, or when the location of the incident is unknown.
37 = Abandoned/Condemned Structure	buildings or structures that are completed but have been abandoned by the owner and are no longer being used. Note: This data value does not include vacant rental property. LEAs should use the data value that best describes the property in question, e.g., vacant rental house should be classified as 20 = Residence/Home, vacant convenience store that is for rent should be classified as 07 = Convenience Store, etc.

LOCATION TYPE 8

Valid Data Value	Data Value Includes
38 = Amusement Park	indoor or outdoor, permanent or temporary, movie theaters, arcade, commercial enterprises that offer rides, games, and other entertainment.
39 = Arena/Stadium/Fairgrounds/Coliseum	open-air or enclosed amphitheater-type areas designed and used for the presentation of sporting events, concerts, assemblies, etc.
40 = ATM Separate from Bank	machines that provide the ability to make deposits and/or withdrawals using a bank card; ATM located inside a mall or store. Note: LEAs should use 02 = Bank/Savings and Loan if the ATM is located at a banking facility.

LOCATION TYPE 9

Valid Data Value	Data Value Includes
41 = Auto Dealership New/Used	businesses specifically designed for selling new and used motor vehicles. Note: This data value also includes the parking lots and garages of these facilities.
42 = Camp/Campground	areas used for setting up camps, including tent and recreational vehicle campsite.
44 = Daycare Facility	facilities that provide short-term supervision, recreation, and/or meals for adults or children during the daytime or at night; respite care facilities for seniors or for physically or mentally challenged individuals.

LOCATION TYPE 10

Valid Data Value	Data Value Includes
45 = Dock/Wharf/Freight/Modal Terminal	separate facility with platforms at which trucks, ships, or trains load or unload cargo. Note: This data value does not include cargo bays attached to a department store or shopping mall. LEAs should classify these as 08 = Department/Discount Store or 55 = Shopping Mall, respectively.
46 = Farm Facility	facilities designed for agricultural production or devoted to the raising and breeding of animals, areas of water devoted to aquaculture, and/or all building or storage structures located there; grain bins. Note: LEAs should classify the house on a farm as 20 = Residence/Home.

LOCATION TYPE 11

Valid Data Value	Data Value Includes
47 = Gambling Facility/Casino/Race Track	indoor or outdoor facilities used to legally bet on the uncertain outcome of games of chance, contests, and/or races.
48 = Industrial Site	active manufacturing locations, factories, mills, plants, etc., specifically designed for the manufacturing of goods. Note: This data value does not include abandoned facilities. LEAs should classify these as 37 = Abandoned/Condemned Structure
49 = Military Installation	locations specifically designed and used for military operations.

LOCATION TYPE 12

Valid Data Value	Data Value Includes
50 = Park/Playground	areas of land set aside for public use usually maintained for recreational or ornamental purposes; soccer fields, baseball fields.
51 = Rest Area	designated areas, usually along a highway, where motorists can stop.
52 = School – College/University	institutions for the higher education of individuals, which gives instruction in specialized fields; community colleges; trade schools.
53 = School – Elementary/Secondary	institutions for the instruction of children from preschool through 12th grade.

LOCATION TYPE 13

Valid Data Value	Data Value Includes
54 = Shelter – Mission/Homeless	establishments that provide temporary housing for homeless individuals and/or families; venues set up as temporary shelters (i.e., a shelter set up in a church or school during a storm)
55 = Shopping Mall	indoor or outdoor shopping areas and/or centers with multiple (two or more) stores and/or businesses; strip malls. Note: LEAs should use the data value that best describes the location in question.

LOCATION TYPE 14

Valid Data Value	Data Value Includes
56 = Tribal Lands	Native American reservations, communities, and/or trust lands. Note: The National UCR Program intends that non-tribal LEAs will primarily use this data value. Tribal agencies should use the data value that best describes the location in question.
57 = Community Center	public locations where members of a community gather for group activities, social activities, public information, and other purposes; they may sometimes be open for the whole community or for a specialized group within the greater community; Christian community center; Islamic community center; Jewish community center; youth clubs, etc.

LOCATION TYPE 15

Valid Data Value	Data Value Includes
58 = Cyberspace	a virtual or internet-based network of two or more computers in separate locations which communicate either through wireless or wire connections.
