MBCC To Transition Back to MT DOJ

As passed by the 67th Montana Legislature, the staff of the Board of Crime Control, in collaboration with the Department of Justice, shall implement the plan to fully transition the board to DOJ by January 1, 2022.

MBCC will be allocated to DOJ for administrative purposes only.

The transition will allow the Board to hire its own personnel and staff will report directly to the Board. All current staff will be retained.

A Message from Chairman Leo Dutton

With the start of a new administration, the Montana Board of Crime Control welcomes its own new beginnings and a new board. I would like to thank Governor Gianforte for appointing me to the position of Chairman of the Board and for selecting so many good people to serve the state of Montana.

Those who have served on the Board for years, including myself, look forward to transitioning back to being administratively attached to the Montana Department of Justice. The Board thanks the Montana Department of Corrections for their support over the last several years and during this transition. The staff of the board are second to none and are looking forward to being successful in the challenges ahead.

The Board of Directors are thankful to meet in-person again, and as we develop into a performing team, may we always remember we are here to serve our citizens by forwarding the mission of crime control and prevention.

Sincerely,

Leo C. Dutton
