Sexual Assault Set-Aside

The Reauthorization of VAWA 2013 requires “not less than 20 percent of the total amount granted to a state under this subchapter shall be allocated to programs or projects in 2 or more allocations [victim services, courts, law enforcement, or prosecution] that meaningfully address sexual assault, including stranger rape, acquaintance rape, alcohol or drug-facilitated rape, and rape within the context of an intimate partner relationship.” The 20 percent is counted on the total amount granted to the state, but is not a separate allocation. Examples of programs are sexual assault nurse examiners (SANEs), sexual assault response teams (SARTs), or trainings.

In order to meet the OVW provision, information formerly contained in the STOP VAWA addendum is now required as a separate document. Complete the boxes below and upload as part of the Required Documents.

What percentage of your STOP Program was directed to each of the following areas? Report the area[s] addressed by your STOP Program during the current reporting period and estimate both the approximate percentage of funds [or resources] and the dollar amount used to address each area [consider training, victim services, etc.]. You may choose how to make this determination.
