VOCA Match Waiver

The National Emergency Declaration for the VOCA Match Waiver ended on May 11, 2023. The last two funding cycles included a Match Waiver. It is within the SAA's discretion to decide whether to continue the Match Waiver. Continuing the Match Waiver offers significant benefits, including reducing the workload for program staff and fiscal personnel. It's important to note that waiving the Match does not increase hard funding.

June 6, 2024 the Montana Board of Crime Control voted to continue with the VOCA match waiver for the VOCA 2024-2026 project period.

In order to maintain compliance with the federal guidance cited above, MBCC is requests acknowledgement of the match waiver for the VOCA 2024-2026 project period by signing below.
